Information about Hampton Academies Trust

The **Hampton Academies Trust** was formed in September 2014 when Hampton College became a convertor academy and formed a multi-academy trust. One of the drivers for conversion was to allow us to bid for other local opportunities. In September 2015 following a competitive bid process, we were named by Peterborough City Council and Cambridgeshire County Council as the preferred education provider for the new secondary school in the locality, Hampton Gardens. In March 2016 we were successful in our free school bid which secured a significant amount of capital funding to build the new school and building commenced in January 2016.

We believe that this development will enable us to provide an excellent education for the children and young people of the area, as well as offering our staff unrivalled promotion and professional development opportunities.

Our vision is to be a locality based, cross -phase MAT. We intend to grow our MAT in the medium term, and have been successful in a free school bid to design and run the primary provision on the new Hampton East development. The name of the trust reflects our local focus and we have no current plans to expand our operations beyond our local area. We are not a corporate MAT (and do not want to be) and neither are we part of a regional/national chain. Our vision is to retain our 'homegrown' status and manage our growth in a sustainable way. We believe that MAT working can be most successful when you concentrate on what you know best, in the community you are invested in.

Our vision as a Trust is to meet the needs of our students and equip them to fulfil their potential.

Information about Hampton Gardens

Hampton Gardens is a new 11-19 free school which opened in September 2017 to an initial intake of 180 Year 7 students. The school will grow each year until it reaches capacity, increasing in PAN to 210 student in 2018 and 240 student in 2019. When full the school will accommodate 1200 students in years 7-11 and 300 students in Sixth Form.

Hampton Gardens will operate its Sixth Form jointly with Hampton College. As the two campuses are on neighbouring plots, we envisage that a number of staff will teach and support across both sites. We will also have the ability to deploy staff flexibly across the trust, as we expand. It is planned to open to Year 12 in September 2018, initially with a smaller number of students and growing to full capacity by approximately 2023/24.

Hampton Gardens' Facilities

Hampton Gardens is a brand new school which was handed over to the Trust in August 2017. The state of the art school buildings and grounds include the following design features:

- An outside amphitheatre and attractively landscaped grounds for sport and for students to enjoy at break and lunchtimes

Classrooms are airy and light and are all equipped with interactive facilities. The school hall provides an impressive public space, with seating capacity for 400 people; the grounds are attractive and spacious and are utilised well at break and lunchtimes in fine weather.

Vision and Values: Since opening the trust's first school, we have emphasised two key themes: 'People' and 'Learning'. We believe that positive working relationships are the key to effective learning, and we work hard to ensure that students and staff feel safe, valued and happy in their work.

Ofsted

It is the trust's aspiration that all of its schools are, or are working towards being rated as *Outstanding* by Ofsted. We are clear that the expectation for Hampton Gardens is that it should be *Outstanding* from the outset.

Curriculum Plan: The curriculum for Key stage 3 is the same as that at Hampton College (see prospectus or school website). Over time, Hampton Gardens will offer KS4/5 options which complement Hampton College and allow all trust students access to a wide and stimulating range of courses and extra-curricular opportunities across the two schools. The Sixth Form will run completely collaboratively with Hampton College. Every effort is made to offer a strong extra-curricular programme in a range of areas. There is also an enrichment week at the end of the summer term, which will include the possibility of residential trips abroad and in the UK.
