

Primary Teacher Recruitment

THE BRITISH SCHOOL
OF BEIJING, SHUNYI
A NORD ANGLIA EDUCATION SCHOOL

2019

*As a parent,
you want
your child
to excel.
So do we.*

The British School of Beijing Shunyi (BSB) is looking to appoint enthusiastic and committed Primary teachers (posts available at Key Stage 1 and 2) from August 2019, to join a dedicated team of teachers within the phase. For candidates with the relevant experience and subject knowledge there is the possibility that management positions may also be available.

BSB is at an exciting stage of its development, having grown very significantly in the past decade and now numbering approximately 1,000 students aged 1-18. The school offers the English National Curriculum in the Early Years and Key Stages 1-3, with a broad range of iGCSE examinations being undertaken at Key Stage 4. In our Sixth Form, students follow the International Baccalaureate Diploma. Academic achievement has risen significantly over the past three years or so, and now rivals the very best schools, at home and abroad. The school is housed in a purpose built campus with outstanding facilities in the Beijing suburb of Shunyi, some 20 km from the city centre, which is much favoured by expatriate families. The area is very safe and has excellent facilities for teachers, whether coming alone or with your family. The school will organise accommodation for you in one of the convenient and safe local housing compounds; although, after the first year, some of our colleagues do prefer to move closer to the centre of the city, from where free transport is provided on a daily basis.

Beijing is without doubt one of the most exciting cities in the world in which to live. The city is changing almost daily due to the flourishing Chinese economy, and yet maintains one of the most culturally rich environments imaginable – the Forbidden City, the Great Wall (which you can see from the school) and the histories of the various dynasties are all easily accessible for a day visit, as are all the cultural, musical, dramatic and sporting activities and nightlife that you would expect from one of the world's major capital cities. The Western media has written much about the pollution in our city, and it can be bad on occasion, but we have full measures in place to ensure our school is almost pollution free, and the sunny Beijing 'blue sky' days far outnumber the bad pollution days. Above all, the local population welcome our international colleagues warmly and we maintain excellent relations with our local Chinese schools and community.
