Position	The Teacher of Science reports to the Head of Biology, Physics or Chemistry depending on their specialism, as part of a current team of 13 full-time teaching staff, and is expected to teach a full timetable of up to 48 periods (55 minutes / 10 day cycle). The Science department, led by the Director of Science, Ms Laura Garcia, teaches throughout the Senior School (Years 7 - 13), and all Science teachers are expected to be able to deliver all three sciences to KS3 level and then deliver their specialist subjects at IGCSE and A-level. The department teaches both Separate Sciences and Coordinated Sciences courses at IGCSE. Experience of teaching one science subject at IGCSE is essential and Advanced Level or equivalent is desirable, the ability to offer other sciences at any examination level is an advantage but not necessary. We are looking for an inspirational teacher who is keen to further enhance the teaching and learning in the school. There is also the potential opportunity to take responsibility for leading KS3 Science for a suitable applicant. Science is a high-profile subject at Shrewsbury International School, with a large proportion of students selecting Science A-levels and many going on to study science at university level. There are multiple A-level classes in each science subject in both Y12 and Y13. Students and teachers are highly motivated and the results are impressive with over 40% of the Science grades at A-level being A* and around 80% of grades are at A* in the Separate Sciences at IGSCE level.
