

Head of Physics
JOB DESCRIPTION

Line Managed by: Head of Science
Accountable for: attainment in Physics at all key stages
From: 1st Sept 2018

Key Tasks

- Work with HoF to oversee schemes of work at KS3/4/5 ensuring that they are in line with new specifications and delivering thoughtful and exciting learning
- Work with HoF to ensure non-specialist delivery is informed and resourced
- To monitor physics books to ensure that departmental marking policy is being followed by all staff and show regular marking/feedback and student input
- Monitor teaching and learning across all key stages and use coaching skills to ensure outstanding learning opportunities for all
- Work with HoF to ensure books show progress, interest and care
- Keep the love of Science alive by providing appropriate, relevant and timely enrichment activities for all key stages
- Work with Head of Faculty in reviewing department performance and producing documentation to support reviews/development planning
- Work with primary liaison to ensure primary Science is not being repeated and there is evidence of depth and breadth
- Oversee the setting of practicals according to new specifications
- Any other reasonable request from HoF/Headteacher
