OUR EDUCATION MODEL

Our mission is to enable all children to flourish in school by giving them a **knowledge-rich academic education** and developing their **character strengths** and **virtues**. Our pupils will learn how to work hard and study well, and also to be good and do good for others. This will ensure that they enjoy every moment of the school day and have a future of success and wellbeing, whatever they choose to do in their lives.

To achieve ambitious pupil outcomes, Floreat has developed a complete educational model for use in our schools: the **Virtue and Knowledge** school model. This introduces children to a rich understanding of the world whilst preparing them to seek a good life for themselves and others.

Virtue: We believe that developing good character in children leads to their future success and happiness. Character Education runs through the pores of Floreat schools and is also developed through explicit lessons. We constantly review and improve our approach, linking with other Character Schools nationally to ensure that we give our pupils the best offer.

Knowledge: Our approach promotes deep understanding of the humanities, arts and music, and includes Adventure and Service learning. Creative pursuits are plentiful.

The **Virtue and Knowledge School Model** is designed to:

- Make every moment of the school day work harder so that it educates for character virtue as well as academic outcomes;
- Train teachers so that they can flourish while delivering our curriculum; and,
- Provide a broad assessment tool that informs teachers, parents and pupils about progress in both academic and character development.

As a result of our using the Virtue and Knowledge School Model, we aim to equip our pupils with the **4Cs: core skills, cultural knowledge, character strengths** and **curiosity**. Together they enable every child to flourish.
