November 2018

Dear Colleagues,

Computer Science/ICT – Full-time

Thank you for your interest in this post. We are looking to appoint a highly skilled full-time teacher of Computer Science and ICT. The starting date is flexible and will be discussed at interview.

The computing department is small – just two full-time teachers – but every child in KS3 is taught the subject and we have both two GCSEs and two A-level or equivalents in the sixth form.

We have embraced the idea of teaching "real computing" rather than ICT office systems and have been able to do that because we have two qualified computing professionals in the department. It is crucial to us therefore that we now appoint a well-qualified new colleague who will make a major contribution to the excellent teaching in the department over the coming years.

Balcarras is a great place to work with friendly colleagues, superb resources, a beautiful site, excellent accommodation, supportive parents and enthusiastic pupils. Our induction for new staff and ongoing training are of the highest quality.

I hope that having read the details and looked at our website you will decide to apply. Applications should reach me by Monday November 26th at 9am and we will interview shortly afterwards.

I look forward to hearing from you.

Yours sincerely,

Headteacher
