

To whom it may concern,

I would like to tell you a little bit about Green Meadow Primary School.

I think this school is a fabulous school because there are always fun challenges, activities and lots of fun school trips that help us with our learning. Our teachers make lessons extremely fun and we have lots of resources (including laptops and ipads). There are lots instruments you can learn that people come in to teach us, (for example violin and recorder).

We have a large playground for both juniors and infants plus a field. In PE, we have 5 house teams (Ruby, Emerald, Amethyst, Sapphire and Diamond) which you can earn points in (and of course sports day)! That is not where the fun ends as we have entry days which happen at the beginning of new topics. They are fun and help us learn at the same time. At lunchtimes, we have many toys to play with like skipping ropes and bouncy balls.

Yours sincerely,
Tianran Ge GN
