

February 2018

Dear Applicant,

Re: Teacher of Mathematics

Thank you for sending for details for the post of Teacher of Mathematics. This is an exciting opportunity for an ambitious, talented teacher. The successful candidate will join one of the best Maths Faculty's in the country.

You will join the school at an exciting time. With a successful OFSTED 'Good' judgment secured in late November 2014, we are now pushing towards 'outstanding' status. First class teaching and learning, and supporting teachers to do this, is our priority.

Under exceptional leadership this stable and excellent teaching team have made the transition to the mastery curriculum throughout Years 7-11. Being at the forefront of KS2/3 transition work across the region, our central role in the St Helens Maths Hub, and our A-Level Mathematics and Further Mathematics teaching opportunities make Rainhill's Mathematics team one of the best to work in in the country. This team is very good, but is not arrogant or complacent. They know they are on an upward trajectory. We know excellent Maths practice exists within and beyond the school, we want to harness both, to allow Rainhill students to love Maths and make exceptional progress.

Rainhill is a very stable school. We are significantly oversubscribed and will be expanding the admission number from September 2017. Our partnership with Liverpool FC, the largest and most academically successful in the Premier league, gives us unique opportunities. We became the lead school in an Multi - Academy Trust from 1st March 2017

Find enclosed the following to help you with your application

- School Prospectus and School Magazine
- Mathematics Faculty Description
- Job Description and Person Specification for teachers
- Application Form
