#### Dear Candidate

Thank you very much for your enquiry regarding the position of **Examinations Officer** at Stanley Park High. This key position has recently become available and the Governing Body, together with the students, parents and staff, are seeking a talented individual who has the qualities to 'Ignite a Passion for Learning'.

**Stanley Park High** is a flourishing and vibrant community school for students of all abilities, housed in a state of the art building with facilities that fully meet the demands of learning in the 21<sup>st</sup> Century. We retain an absolute focus on our belief that excellent relationships are vital to achieving effective learning and we are a Lead School for Human Scale Education. Consequently, we value 'small'. To this end Stanley Park High operates a 'Schools within Schools' model, whereby most of our 1100 students are divided in three smaller communities: Performance, Trade and World. Our fourth community, Horizon, supports the learning of students with ASC.

The School has recently been awarded 'Secondary School of the Year' by the TES and in November 2015 we received Ofsted recognition for our commitment to a student-centred school, with inspectors grading our school 'good' with personal development, behaviour and welfare of students rated 'outstanding'. The report described us as "innovative and imaginative where pupils are very successfully prepared for their future lives." Inspectors also noted that "practically all students respond to the school's motto of 'Igniting a Passion for Learning'. This is done by blending positive relationships, in small class sizes, with an exciting curriculum.

Our innovative and responsive curriculum ignites the learning experience of all our students. In Years 7 and 8 all students learn our unique competency based 'Excellent Futures Curriculum' alongside English, Mathematics, Science, PE and MFL. From Year 9 to Year 13 our offer is extremely responsive to the passions, interests and aspirations of our students. It enables them to combine the broad range of core subjects with significant specialist option choices that prepare them for further study, as well as practical skills for life and work.

**Our learning and teaching** is guided by several key principles. Notable amongst these are that learning should be experiential, enquiry based, practical, authentically assessed and related to real life. The quality of this Learning and Teaching is recognised by Universities and Teacher Training Institutions, who regularly seek our assistance in educating the next generation of teachers. We are committed to continuing professional development and are part of a local training school alliance due to the excellence of our work in this area.

We believe that this post provides an excellent opportunity for a talented individual to be a part of a school willing to take risks, push the boundaries in developing an innovative approach and, as a result, is viewed as an evolving success story.

We very much look forward to receiving your application.

Yours sincerely,

Mr David Taylor Executive Headteacher Ms Carol Symons
Associate Headteacher
