

## **Chosen Hill School**

### **Assistant Head of Faculty - Science**

Alongside the generic duties of an Assistant Head of Faculty, Science, as outlined in the full job description, it is anticipated that the post holder will be responsible for specific areas of operation and strategy within the Science Faculty:

**EITHER:**

Overview and leadership of the Foundation Phase (Year 7 and Year 8), to include:

- Oversight and development of the Foundation Phase Schemes of Learning
- Oversight and development of the Foundation Phase assessment, marking and feedback arrangements
- Leadership of the analysis, tracking and faculty response to student progress and attainment data in the Foundation Phase
- Strengthening links with local primary schools

**OR:**

Overview and leadership of key strands of Science Faculty targeted working, to include:

- Promoting increased rates of progress and attainment for students with high starting points
- Implementation and development of the Faculty praise and reward arrangements to encourage and support student engagement with their Science learning
- The development and management of the Pathways staff-student mentoring programme
- Leadership of the growth mindset whole school initiative within the Science Faculty
- Promoting increased rates of progress and attainment for pupil premium students
