Google Education

Google Education is an exciting and innovative way of learning, introducing easy tools to engage students whenever, wherever on any device!

In summer 2012, AET adopted G Suite for Education, the free web-based communication and collaboration suite available to education establishments.

With products including Gmail, Google Calendar, Google Drive, Google Sites and Google Classroom, AET recognised the potential it would bring to classroom learning, knowledge sharing across the academies, improvements in administrative efficiency and providing access from home for all.

This enables all our students and staff to have access to the most up-to-date technology. Our academies have also rolled out many class sets of Google Chromebooks, affordable browser-based laptops that provide quick, simple access to the web!

Building in stretch and challenge should not and does not need to add to teacher workload; rather we can use a range of simple resources from our 'Teacher Toolkit', including questioning, challenge questions, feedback and homework projects.

Achieve and Accomplish

“At Redden Court we support and challenge each other to achieve and accomplish”. **Connor H**

“I want to be successful in everything I do. For me it is not enough to just become okay at something. I like to know that I have not only achieved but that I have become accomplished.”

Lucy E

Share and Support

"Sharing is something I value – for me, sharing is caring. I value other people's opinion as they help me to build my own ideas."

Olivia W

"From as soon as I started at Redden Court it was clear that everyone was happy to listen to my ideas and give me help when I needed it." **Daniel O**

Pursue and Persist

"Being knocked down doesn't mean you just give up, it means you get back up and try even harder. It's the world telling you to just give that little bit more." **Scarlet J**

"When I have my eye on something, whether it's an 'A' in a science test, or a game winning try in rugby, I practise, practise, practise. If I keep improving, eventually I will reach my goal."

Luyi G

Innovate and Inspire

"At Redden Court I am inspired to innovate and to think outside the box. I am encouraged to expand my knowledge and to ask myself, "what if" and "why". **Megan C**

"I think it is as important to inspire as it is to find inspiration. I am a reading mentor and hope to inspire those that I support."

Staff Stories

**Mr Carrington,
Assistant Head**

Redden Court recognises and rewards hard work, enthusiasm and commitment to success. They have given me the opportunity to progress from an NQT to a Head of Faculty and now my current role as an Assistant Head within five years. I have been encouraged to introduce new technology to the school and work on a number of interesting projects. The staff and students are a pleasure to work with and our team ethic is impacting positively on our results and achievement. The school's progress in recent years has been phenomenal and there are exciting times ahead as we lead the Multi-Academy Trust to support other schools and continue to expand our own vision and ethos.

**Miss Todd, Head of
Maths Faculty**

Redden Court is a wonderful school and has supported me over the years with each stage of my professional progression. I started my training here as GTP in 2007, became leader of the house system, second in Maths and then Head of Faculty in January 2014. I am currently in the process of working towards gaining my Lead Practitioner accreditation. I have been given huge opportunities and been supported each step of the way. If you are a good teacher, with great ambition and enthusiasm you will be supported and encouraged to go on and achieve fantastic things in your career at Redden Court.

**Miss Morris, Head's
PA**

When I joined RCS over 7 years ago, I was job sharing the role of PA to the Head Teacher. Now I work full time in the same role, but have additionally helped the school achieve the Gold TFL Stars Award, help plan and organise school trips and am working with colleagues on our Thinking Schools Accreditation. I have always felt supported and empowered to excel in my performance and development and am considered a valuable member of the school team.

***Mr Pendred, Head
of Technology
Faculty***

I arrived at Redden Court School as an NQT, and at the time I never thought I would progress as quickly as I have. This is a school that really recognise and reward hard-work. From the very start I had the responsibility of being a subject leader in Product Design, then after only two years I progressed to Head of Department in Design and Technology, and in my fifth year at the school I was made Head of the Technology Faculty. I have had a key involvement in much of the school signage and have had opportunities to run school trips and lead a STEM club. This is an ambitious and supportive school full of great staff, and in my opinion there is no better place to pursue a career in teaching.

***Mr Barrett,
Business Manager***

I joined Redden Court in 2012 shortly after the school converted to Academy Status in January 2012. From that time I have learned something new every day. Little did I know the range of experiences I would have within the school. I have enjoyed every single day I have worked in the school and am extremely proud of the outcomes the students achieve and the part that I play in that. We are about to encounter an exciting time at the school with the formation of the Multi Academy Trust and building works through the Priority Schools Building Programme that will enhance the quality of provision for our students.

Redden Court is a school where I want to come to work with enthusiasm each day and I am empowered by an amazing leadership team.
