Work with us and inspire international students to fulfil their potential.

**Mission:** Our mission is to ensure that students of different nationalities grow to their full potential as independent learners in a caring British International Community.

**Vision:** We develop global citizens who shape their world through independence, empathy, creativity and critical thinking.

For August 2019, Bangkok Patana School seeks an enthusiastic, caring and experienced Business Studies and Economics teacher to teach across the secondary school age range. Experience of successfully teaching IGCSE and IB is beneficial and implementing recent UK initiatives is highly desirable. The willingness to be an effective team player and work closely with parents is essential.

The Extra-Curricular Programme is considered a vital and integral component in the education of our student community. Therefore, applications are particularly welcomed from teachers with experience, passion and talent in the areas of visual and performing arts, community service, debate, outward-bound activities and sports.

Bangkok Patana is committed to safeguarding and promoting the welfare of its students and expects all staff to share the same commitment. Extensive checks (DBS if UK based) and references will form part of the application process.

*"Bangkok Patana School is a unique community where both students and teachers share a passion for reciprocal and inquiry-based learning. The outstanding teachers were key in recognising and encouraging my talents, dreams and ambitions. More than a focus on academia, Bangkok Patana nurtured in me the values and skills needed to thrive as a respected global citizen in a multicultural environment. These lifelong skills were not only taught, but were lived, shared and celebrated in daily life."*
