March 2018

Vacancies – Class teachers (two positions); Full time, fixed-term contract for one year from 1 September 2018 to 31 August 2019.

Pay Scale – MPS

Millbrook Primary School is situated in Leegomery, Telford. The school originally consisted of separate junior and infant schools which opened in the late 1970s. In 2005, the schools amalgamated to form Millbrook Primary School and Nursery.

The school occupies an enviable green site which gives superb opportunities for outdoor education. There are currently eleven classes from Reception to Y6 and an attached nursery.

Background

Millbrook serves a very diverse community. Forty-five per cent of the pupils are entitled to Pupil Premium and pupil mobility is considerably higher than the national average. The school's intake is diverse with fifty-five per cent of pupils from ethnic minority backgrounds. Forty per cent of pupils speak English as an additional language. The main languages spoken are Urdu, Panjabi and Polish. A number of children arrive every year from abroad with little or no English. The school places great value on the background and heritage of all pupils. As a result, we are building a diverse and supportive learning community with pupils at the heart of everything we do. To further this work, the school has recently adopted the International Primary Curriculum (IPC) to deliver the foundation subjects in a creative and exciting way. The international dimension provided through the curriculum is helping to prepare our pupils for life in the 21st Century.

There are currently 420 pupils on role in thirteen classes plus nursery. The school is at an exciting time in its development. At the last Ofsted inspection in May 2014, the school was graded '**Good**' in all areas. It was noted that ***"high priority is given to supporting and training staff in order to improve the quality of teaching and raising pupils' achievement. This has been very successful."***

Is this the post for you?

We are looking to fill two vacancies for September by appointing new colleagues. One post is to replace a class teacher who is leaving the school due to re-location, pending recruitment of a permanent replacement for September 2019. The other vacancy is to provide an extra teaching post in a year group that is oversubscribed. Both posts are subject to review at the end of the fixed term dependent on finance.
