Teacher of ICT and Computing - NQT's welcome

Full Time, Permanent

We are looking to appoint a highly competent ICT/Computer Science teacher with strong subject knowledge to support the continuing development of the IT curriculum and to join a dynamic and forward thinking department.

We have excellent ICT facilities with six designated ICT rooms and a media Mac room. The department is well supported by our onsite technician team and receives additional remote or specialist support from across the Federation and beyond.

Our ICT and Computing curriculum provide popular subject choices both at Key Stage 4 and 5. We also benefit from working across the Federation in the sharing of resources, developing subject knowledge and support with exam moderation and standardisation processes.

We are seeking a strong, well-qualified practitioner with a degree and a teaching qualification who is keen to develop their own practice to the highest level and take advantage of our excellent professional learning. The candidate must be a compelling communicator with an ability to champion the subject to pupils with a fully comprehensive range of abilities. You will also bring real energy and dynamism to the role, alongside genuine enthusiasm and passion for your subject.

Teachers of ICT and Computer Science are all encouraged to apply, regardless of experience; we are interested to hear from passionate and enthusiastic candidates.

If you feel that this position is of interest then we would like to hear from you.

To apply please complete the application form and supporting documents found on our website at www.haaf.org.uk/vacancies.

Applications should be returned to Lauren Exford, HR Administrator (crayfordhr@haaf.org.uk), quoting reference number:
