WHY IALE-ELIAN'S?

IALE-Eliañ's is a group of international private schools (bilingual and British) founded in 1967, 2002 and 2009 in the Valencia region. In 2016 the group merged with the largest group of Swedish independent schools, Internationella Engelska Skolan (IES), with the desire to create and offer new experiences to our teachers and students, sharing knowledge and interactions between the educational groups.

The strength of our schools grows every year by continuously participating in national and international projects. Our teachers and non-teaching staff are committed to the students, introducing them to the most enriching experiences and participating in them.

Our schools are digital and have the most recent technology from infants to high school.

Students in our schools have opportunities to participate in exchange programmes with students from other nationalities and to travel abroad during the school year or summer.

We are looking for enthusiastic teachers who can contribute wholeheartedly to our schools and make a positive impact on our students lives.

OUR EDUCATIONAL PRINCIPLES

PERSONALISED EDUCATION

We promote the talent of each student and encourage the growth of their self-esteem, according to their personalities and needs.

INTELLECTUAL AND HUMAN EXCELLENCE

We encourage a taste for achievement, discipline, effort and a willingness to excel.

INTERNATIONAL VISION

We prepare our students so that they can develop anywhere in the world.

INNOVATION

We take on the challenge of being the first in what we believe in, to prepare our students for the future.

TEACHING VALUES

We develop responsible, caring students with principles, helping to improve society with humility and respect.

THE WORKING WEEK

There are small day to day differences between the schools in the group. In general, teachers arrive and are ready to start work by 9am. All teachers have at least a 15 minute break in the morning and at least 45 minutes for lunch. Teachers may leave at 4.45pm except on staff meeting nights when they may be required to stay until 6.30pm. The amount of time for planning, preparation and assessment (PPA) is given according to teaching commitments but in general it is around 4 hours per week. Where possible parallel teachers are given PPA time together in order to plan so that across each year group the students are being provided with the same learning experiences. Middle managers are given additional non-contact time to allow them to continue monitoring and developing their area of responsibility.

Holidays are determined by the local councils but normally include 2 weeks at Christmas, 10 days at Easter and the national and regional fiesta days which are distributed throughout the year.
