Mr Jim Roberts- Headteacher

MPS Teacher of Science – permanent full-time 1.0 FTE

Commencing: September 2018

Faculty: Science & Technology

Reports to: Head of Science

Person Specification and Job Description

You are:

- highly motivated and looking to join an ambitious, supportive department.
- passionate about Science and able to enthuse students.
- willing to explore and embrace innovative technology able to demonstrate a creative approach in the classroom.
- committed to raising attainment in numeracy and literacy through Science.
- willing to promote and contribute to the full range of extra-curricular activities.
- keen to share and promote the school's vision of high standards and success for all.

You fulfil all the Core Standards but your ambition is already taking you beyond that. You are ready to make a contribution to the life of the department and you drive your own CPD.

You already know the statutory guidance for the safeguarding of children and your practice reflects that knowledge.

Your use of formative assessment is a strength and you value the regular dialogue that you have with students about their progress.

You use technology in your lessons and are ready to take part in our innovative digital learning project. You are keen to personalise learning and to support students to achieve targets that will stretch them and open doors for them in the future.

You always aim to inspire students, and you think that Science is the best subject to teach and the best subject to learn.

The job:

You will have the opportunity to teach Key Stages 3, 4 and 5 during your time at Hove Park.

Hove Park School is located on two sites. The Valley Campus is for years 7 to 9, and Nevill Campus is for years 10 to 13. Some of our staff base themselves on one campus, and some commute. The opportunity is there for staff to work either route, and this can change every academic year, through discussion with line managers. Staff can express a preference for which site they work on, particularly if this relates to their professional development and career progression. Their line manager will take this in to account when decisions are made around time tabling.

Mr Jim Roberts- Headteacher

The pastoral life of the school is very important, so you will have your own tutor group. We operate in Year Teams, but we have Houses that we use for Sports Day and other competitions.

We check progress regularly, so you will be keeping records of students' learning journeys, which you will share with students, parents and carers.

We have a personalised CPD programme that includes timetabled CPD sessions with colleagues from across the school. You will be keen to make the most of these opportunities, keen to learn and keen to share your learning with others.

We have strong links to other schools in the Local Authority, including primary schools, and we have partner schools across the country that we share ideas with. You will be happy to form part of these collaborations and use them to support progress for Hove Park students.

We would also love to know if you have an interest in psychology and/or computer science.

Hove Park School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.

The successful candidate will be subject to an enhanced DBS check.
