Message from the Headteacher

Quarrydale is an oversubscribed Academy at the heart of its community, which was judged 'Good' by OFSTED during our inspection in March 2017. The ethos and image of the academy is based on the absolute conviction that 'Every Quarrydale Child Matters'. We pride ourselves on promoting traditional values and creating a productive environment for both staff and students to reach their potential and thrive in a supportive environment.

We believe that every member of staff contributes towards our values, common goals and works as part of a dedicated team to support all students, staff and parents. We are currently looking to appoint an excellent Teacher of Art who can inspire and support our students to achieve excellence and who can support the Head of Department in this objective.

This is an exciting time for Quarrydale as we move forward on our journey to become outstanding and if you would like to be part of this journey, have a commitment to succeed, enjoy a challenge and want to further your career then I would urge you to apply.

I look forward to reading your application and hopefully meeting you at interview.

Tim Paling

Headteacher
