

Hall Park  
Academy

## **DESIGN AND TECHNOLOGY AT HALL PARK ACADEMY**

Design and Technology is a popular subject at Hall Park Academy consisting of 2 full time and 1 part time teacher, assisted by a full time departmental technician. The department has three well-equipped classrooms and workshops, a dedicated Food Technology room and an ICT enabled Engineering room.

The faculty has successfully adapted to curriculum changes in all Key Stages and strives to continue to develop in response to the ever changing world of technology. The department has chosen AQA Design Technology at GCSE and A Level and BTEC Engineering at Key Stage 4 and 5. The department are actively involved in STEM activities.

Design and Technology is taught to all pupils in Key Stage 3. Students can choose to pursue the subject at GCSE and A Level by opting for Design and Technology or BTEC Engineering.

The Design and Technology Faculty works closely with other schools in the Redhill Trust within a strong network of support and expertise. Future developments include continued modernisation of the curriculum and teaching resources with an emphasis on engagement and challenge. We are looking for an enthusiastic and committed teacher to join a team of hardworking and passionate staff. We can offer excellent professional development opportunities and a chance to join a department with the vision to create a revolutionary learning environment.
