“I love the idea of preparing our students from the school room to the boardroom in the 21st century, wherever that boardroom is, in a rainforest in Brazil or as a CEO or working with a charity in India. Just as we have a big responsibility, so will they. I want them not just to be content to live in the world but to change it.” *Principal, Will Phelan*

STAFF

Welcome to the Stamford Endowed Schools

Our unique team provides opportunities, experiences, influences and support that ignite fires within our pupils and encourages the spirit to succeed.

Commitment, care, enthusiasm and integrity underpin every aspect of life at the Stamford Endowed Schools. Our children are educated in an environment where learning is regarded as a privilege and key to unlocking all of life's possibilities.

Our teachers dedicate themselves to inspiring intellectual curiosity in the students in evermore innovative ways, whilst promoting and protecting the wellbeing of the children in their care.

As a community our Schools work in harmony, blending students of different backgrounds and broadening their horizons with the many opportunities available in and beyond the classroom. As a result, the students are equipped not only with exceptional examination results, but a wide range of experiences which prepare them for whatever path they choose in life.

Will Phelan, Principal

Introducing the Heads

Being part of a community of three Schools provides strength to our educational offering. Each School has a Head, who makes sure that a pupil's life at school is rewarding, successful and enjoyable. The combined experience and expertise of all three Heads, means that we are able to harness an individual's talent to create a learning environment that suits everyone.

Emma Smith

Head of Stamford Nursery School and Stamford Junior School (Girls and Boys 3-11)

"I believe it is essential that from an early age we encourage children to develop a desire for learning and it is through an exciting and engaging curriculum that we can achieve this. We strive to place your child at the centre of everything we do, and provide a stimulating learning environment."

Vicky Buckman

Head of Stamford High School (Girls 11-18)

"At Stamford High School we believe that anything is possible; we want our girls to be enthusiastic, hard-working, determined and ready to get involved with everything we offer. We encourage them to think independently, to take ownership of their learning and to aspire to be the very best they can be. Within a sound framework of pastoral care and development, our girls know that they have the skills and attributes to face the future with confidence."

Nick Gallop

Head of Stamford School (Boys 11-18)

"Stamford School has been educating boys for over 475 years. Today, we maintain our traditional values but with a very modern outlook. We understand how to build in our pupils a love of learning and develop intellectual curiosity, to instil the values of teamwork and competition on the sports field and through adventure and to fire imaginations through music, art and drama."

The Role

This position represents an outstanding opportunity for an experienced teacher, an NQT or a recent graduate wishing to be trained on the job to join a young and fast growing Computing department.

We are looking to appoint an enthusiastic teacher who will relish the chance to contribute to the rapid expansion of Computing across the Endowed Schools.

In the first instance the successful candidate will teach Computing to Y7 and Y8 at both Stamford School and Stamford High School and contribute to IT elements of our sixth form enrichment programme. He/she will help plan the expansion of the Computing curriculum into Y9 and beyond.

The successful applicant will work with our e-learning co-ordinators to encourage and support the appropriate use of IT in teaching and learning. The successful candidate will offer training to colleagues in the use of Office 365 applications.

This new role could suit an ambitious relatively inexperienced teacher or an established practitioner seeking a new challenge. A successful appointee could see the role grow with the department as Computing is established at both GCSE and in the sixth form.

The Department

We are looking to appoint a second Computing teacher to assist the Head of Computing as we grow the department in the coming years.

The department operates across Stamford School and Stamford High School. From September 2018, Computing will be a compulsory part of the curriculum in Y7 and 8 and we will become an option in Y9 and at GCSE in subsequent years. We wish to introduce an examined sixth form course as well in the near future. The successful applicant will

be joining near the beginning of a project which has potential for significant growth and which will present considerable opportunities. The Endowed Schools are Microsoft schools and we use Microsoft software on a Windows based network.

A Great Place to Work and Live

AN HISTORIC LOCATION

Stamford is an exquisite, historical market town which was recently voted by The Sunday Times as 'The Best Place to Live in Britain'. It nestles quietly in the countryside on the border of Rutland, Lincolnshire, Cambridgeshire and Northamptonshire and close to landmarks such as Rutland Water and Burghley House.

OUR SCHOOLS

The Schools are a part of the great heritage of Stamford living and a symbol of its vibrancy and evolution. The Schools have been established in Stamford since 1532, undergoing many changes but consistently providing a first-class education.

Today the Schools remain interwoven with Stamford life, to which are students, teachers, parents and staff contribute greatly. At Stamford we have one simple and overriding aim, that is to inspire our students and light fires within them.

The schools educate 1650 pupils at the co-educational Stamford Junior School for children aged 2-11, Stamford High School for girls aged 11-18, and Stamford School for boys aged 11-18. There is also a sixth form which teaches boys and girls together across the two senior schools. Stamfordians leave here poised for success in the real world - quietly confident, kind, positive, hardworking, unassuming and resilient. We are independent schools nurturing independent minds.

We foster within our pupils a sense of personal responsibility, service to the community and leadership, underpinned by a pastoral ethos which places the well-being of the pupils at the heart of all we do. Academic learning is enriched by a wide variety of educational visits and international exchanges. Our extensive co-curricular programme completes a well-rounded learning experience, giving our students the opportunity to develop their interests and abilities in an impressive range of activities.

PASTORAL CARE

Our pastoral programme is given the highest priority, as we know that happy, cared-for children are most likely to thrive. There are many structures in place to ensure that the welfare of every child at our Schools is safeguarded and that their progress is monitored carefully. Form Tutors develop good relationships with each member of their set and

are quickly able to identify problems. The house system mixes boys across the School, providing the younger boys with good role models and creating within the older boys a sense of responsibility. Student mentors support the younger boys and are willing to discuss any issues they might have.
