

First Leap Beijing Super Start Teacher

School Description

First Leap is a teaching institution with a content language integrated learning (CLIL) curriculum. The students learn through creatively designed lessons in subjects such as; art, music, world culture, global leadership, science, reading, virtual PE and logical thinking. First Leap has an already developed curriculum, pre-prepared and tested lessons that are taught with interactive whiteboards. The company originated in Beijing and now have grown over 41 cities in China, the Super Start department started out as a level in the standard curriculum for First Leap and has grown into its own department. Super Start is based in Beijing but there are Super Start classes in a few cities depending on if the school has students in the Super Start age group. Super Start has their own school in Beijing where the teachers will be based.
