## ABOUT TUDOR GRANGE ACADEMY

Tudor Grange Academy is an outstanding 11 – 18 comprehensive school situated in South Solihull with a roll of 1541. The school was inspected by Ofsted in June 2014 who judged it to be outstanding overall and for each of the four main areas the school was categorised as outstanding. Tudor Grange is committed to delivering a high quality educational experience for all its students; it is also committed to sharing its experience and expertise with other educational institutions to raise attainment for all students. To this end we are a National Support School. We have also been awarded World Class School status.

From September 2011 Tudor Grange has been designated as a National Teaching School. This is a tremendously exciting development and has placed the academy at the heart of the school improvement agenda and we are a key player in the educational change agenda that Teaching School presents. This offers our staff the chance to flourish, develop and facilitate over courses for other professionals.

Tudor Grange Academy in Solihull has always been a beacon of excellence. Its focus on continuous improvement and belief that high quality teaching and learning is at the core of great schools has ensured that it has maintained its outstanding provision year on year.

Having secured outstanding provision for the students in their care, the Governors of Tudor Grange School, as it was, developed an ambition: every child deserves an outstanding education, not just the children within their school. They supported staff within Tudor Grange to engage fully in a wide range of national and international partnerships focussed on improving provision in schools. The Academies programme then provided an opportunity for them to sponsor a school in challenging circumstances, taking full responsibility for the quality of this provision and therefore potentially enabling them to realise their ambition.

In September 2009 Tudor Grange School, Solihull sponsored Tudor Grange Academy Worcester. The school is now oversubscribed and the school of choice within its local community. The success of the sponsorship of the Tudor Grange Academy, Worcester and the recognition of what school to school collaboration in a long lasting and hard relationship could achieve, gave rise to the vision for Tudor Grange Academies Trust: a group working together in a model of meaningful, focused collaboration to achieve excellence in their schools.

The Trust, as at September 2017, is a Trust of seven schools: four secondary, one all through academy and two primary academies. Restlessness characterises all our academies: we are not afraid to challenge complacency and weaknesses identified are seen as opportunities to improve, the energy and drive for the ceaseless journey comes from our key ambition: 'Every child deserves an outstanding education.'

This movement as a Trust offers a huge opportunity for up to date training, cross curricular working, bespoke professional development pathways and allows all staff to be at the cutting edge of national and international educational movement. All staff are encouraged to better themselves and we collectively celebrate success in a vibrant and healthy working community.

## ACADEMIC ORGANISATION

At Tudor Grange we operate a two week timetable with 25 one hour lessons in each week.

The philosophy of Tudor Grange is that each student is entitled to a curriculum that prepares him or her for life's opportunities, responsibilities and experiences. Statutory requirements of the national curriculum are supplemented by the Academy's broader curricular provision.

At key stage three, students follow a common curriculum. In years 9, 10 and 11 students are offered greater choice, enabling a more personalised curriculum that meets the needs of each individual learner.

### Key Stage Three

All students in their first two years at the Academy study the core curriculum which includes English, mathematics, science, physical education, ICT, PSD and religious studies. Their curriculum is enriched by studies in humanities, visual arts, music, design and technology, modern foreign languages and food. All students participate in an enrichment programme.

During year 8, full consultation takes place between staff, students and parents to support curriculum choices at key stage four.

### Key Stage Four

The key stage four curriculum is designed to give students every opportunity to achieve their full potential and to maximise the choices available at post-16.

All students in years 9, 10 and 11 study English language, English literature, mathematics, science, religious studies and physical education. PSD is taught across the curriculum.

There is a considerable amount of curriculum choice available and students can choose to study from a range of GCSEs.

### Key Stage Five

The curriculum at 6th Form is designed to prepare students for both university and the world of work. Each 6th Form student has their own specific goal and ambition and we ensure that each student has a personalised curriculum that meets their individual requirements. Students choose from a diverse range of qualifications so that they are able to participate in challenging and enjoyable courses.

We provide a variety of opportunities within the Academy, and are proud that our students have been able to succeed as peer mentors, sports coaches, volunteer care workers and much, much more.

## PASTORAL ORGANISATION

Students are looked after in one of six Colleges; Brunel, Darwin, Edison, Morse, Newton and da Vinci. Each college has a College Leader, a Student Achievement Support Manager (SASM) and a College Administrator.

Da Vinci

Brunel

Darwin

Edison

Morse

Newton

In addition, we have a staff Year Champion for each year group.

When a student starts at Tudor Grange they are placed in one of 66 'vertical' tutor groups. Each tutor group has students from years 7 – 11 and is looked after by a tutor. Their tutor will monitor all aspects of the student's school life and is the first port of call for parents contacting the Academy.

Our newly refurbished Student Services offers a range of facilities for our young people including a first aid room with a dedicated first aider available all day every day.

## EXTRA CURRICULAR ACTIVITIES

As an Academy we feel strongly that the development of motor and interpersonal skills is enhanced by the opportunities and experiences students have outside of the classroom. Hence, we provide a diverse breadth of activities that are part of a weekly timetable for students to opt into. These activities run before, during or after school and are delivered by willing and specialist staff who want to relay their knowledge and passion.

## TGAS Annual

We will be again releasing our own annual publication with all articles coming from TGAS staff. All staff will receive a hard copy version of this publication and contributors have creative licence to write about any school/education related topic they see fit. This might vary from a review of coaching experiences, to challenges of returning from maternity leave. Our rationale for the publication is to celebrate peoples "deliberate" work and provide nuggets of inspiration. Articles can come from one of 3 possible briefs:

- 1) Academic Research: fully referenced - perhaps an MEd piece that you might already have, or maybe even essays/assignments from your training (NQT's)
- 2) Teachers Toolkit: similar to the book, a short guide to a strategy, task or activity that you have pioneered during the year. This should include a pre-mortem (how you expected the activity to work) and post mortem (how it actually worked).
- 3) Advice section: Personal and professional challenges you have faced and your approach to overcoming them.

Article drafts should be submitted to Head Chef Tom Peake.

## iRIS Connect

Every member of teaching staff has an iRIS Connect licence. Teachers can use this licence to support coaching, to overcome traditional observation barriers or purely as a personal reflection tool in deliberate practice. iRIS will be allocated to departments over the course of the year so they can gather bundles of best practice and support their response to QA (\*See our Specials Board for dates and times of service). This departmental work will be coordinated by the iRIS Champion within your team. The other kit is available for booking via IT services. Head Chef Matt Reeves will coordinate our iRIS work, provide training to NQT's/new staff as well as drop in sessions to any existing staff (\*See our Specials Board).
