About Our School

Woodrush High School is an 'outstanding' mixed, comprehensive school of approximately 1000 students aged 11 to 18, including a sixth form of nearly 120 students. There are 70 teaching staff and approximately 60 support staff. The school is situated in a pleasant semi-rural residential area a mile to the south of the Birmingham City boundary. It is a six form entry school and is heavily oversubscribed, with applications coming from parents of students residing in Birmingham, Worcestershire and Solihull. Applications for admission in 2017 totalled 396 for 180 available places. The school, which was opened in 1957, enjoys an excellent reputation locally and commands much loyalty from families who have lived in the area for some time. Woodrush was designated a Teaching School by the National College for Teaching and Leadership in 2014.

Our examination results at GCSE are significantly above national averages and our students have an excellent record for achieving employment and admission to higher and further education.

Achievements in other fields are equally valued and there is a strong tradition of extra-curricular activities within school. Woodrush has teams in many sports, including: rugby, football, netball, hockey, cricket, tennis, basketball, athletics, rounders and cross-country running. There are residential outdoor pursuit weeks, visits to France and Spain, skiing trips, residential field courses, and visits to theatres. There are drama and musical productions and a high participation rate in the Duke of Edinburgh Scheme.

Students follow a broad and balanced curriculum leading to a full range of qualifications. At KS4 students follow a flexible curriculum depending on needs and ability. At Sixth Form level the school offers a range of AS and A level courses alongside an increasing suite of vocational subjects such as BTEC's. All students follow our 'ASPIRE' programme which aids the personal development of students and prepares them for life after Woodrush. The Special Educational Needs department is particularly strong, and offers considerable support to a number of students throughout the school. Students with physical disabilities are completely integrated within the curriculum of the school.

The accommodation of the school includes an assembly hall, kitchen and dining area, and two and three storey classroom blocks- much of which has undergone considerable refurbishment. There is specialist accommodation for Science, Technology, Art, Drama, Business Studies, and ICT, and more recently building programmes have provided high quality accommodation for Sports at the school and for community, Teaching school, Library, and Sixth Form area. Our sports facilities, including all weather floodlit artificial pitch, are open to the public as an evening and weekend sports centre.

We have four Houses at Woodrush High School (Brindley, Cadbury, Eliot and Lanchester). Students join a mixed ability tutor group on entry to the school and remain in that group until the end of Year 11. We have an agreed

Code of Conduct and students are expected to and do behave well. Parents are very supportive and the school has an excellent reputation for creating high standards achievement and behaviour. Our school uniform, which is traditional in design, with a blazer, is worn by all students up to Year 11 and is strictly enforced. Students are encouraged to achieve the highest possible standards of which they are capable.

Woodrush prides itself on fostering a strong sense of community life and developing good habits of hard work and self-discipline. We aim to provide young people with an orderly, structured and supportive environment in which they can grow to maturity.

The Humanities Department

The Humanities Faculty

The Humanities Faculty currently comprises of 6 subjects across 3 key stages; Geography, Health and Social Care, History, Psychology, Sociology and Religious Education.

The faculty has gone from strength to strength in recent years, achieving good results at KS5 particularly and maintaining standards at KS4 despite all the new specification changes.

There are currently 10 members of staff who teach across the faculty. They share a forward thinking and dynamic approach to learning and teaching, working collaboratively to plan and design a challenging and engaging curriculum for our students. They regularly share best practice and are fully committed to wider enrichment and SMSC development of our pupils.

The faculty works closely with local teacher training providers and we regularly have trainee teachers in our faculty.

Ethos:

As well as fully supporting and promoting the school ethos of 'Turn up, work hard, be nice,' the faculty has its own strong ethos. There is a great feeling being part of a team; with all staff working collaboratively on everything they do. Staff in humanities 'teach from the heart'; the passion and enthusiasm has been noted by Ofsted inspectors and students alike. SMSC and enrichment is at the heart of everything the faculty does. We constantly strive to improve the Learning and Teaching experience of all our students; fostering a reflective approach to our own CPD and regularly sharing 'best practice.' We are also fully committed to developing students' literacy and numeracy skills; particularly getting them ready for SPaG marks in their GCSEs.

Facilities:

The faculty is housed in 6 specialist Humanities classrooms. All classrooms have projectors, interactive whiteboards and a wide variety of AfL resources. Each classroom uses the wall space to focus on engagement and motivation of pupils through a range of displays.

The KS3 Curriculum:

Students receive 5 hours a week of Humanities lessons at KS3. This is currently divided into;

Year 7: 2 hours of Geography, 2 hours each of History and 1 hour of RE

Year 8: 2 hours of Geography, 2 hours each of History and 1 hour of RE.

In Geography lessons, students start by thinking about their own geography and developing their basic map and geographical enquiry skills. They go on to look at a range of human geography topics including population and settlement, fashion and football and study the contrasting countries of China and the USA. They also look at physical Geography topics such as rivers and weather.

In History lessons, students find out about the history of their community, Britain, Europe and the world. They develop a chronological overview that can enable them to make connections within and across different periods and societies. Topics include; Medieval Times, The Tudors, WWI, WWII and the Holocaust.

RE deals with big issues, such as: Why is there a Universe? What happens to us when we die? Does God exist? What is the best way to live our lives? Has science removed the need for religious belief? What are the implications of asserting that one religion, philosophy or ethical system is true and superior to all others? We are also currently developing a greater role for sociology based learning within RE lessons.

The KS4 Curriculum:

At the end of Year 8 students chose their GCSE options. Students are streamed and then set within each stream for their chosen subjects. Humanities subjects at KS4 are incredibly popular. Students study the courses over a 3 year period and results in most subjects are above national average.

Subjects currently available:

History, Geography, RE, Sociology, Health and Social Care

KS5 Curriculum:

KS5 Humanities subjects are extremely popular. We currently offer 4 Humanities subjects at KS5; each subject has 4 hours teaching per week.

Geography – AQA

History – OCR

Sociology – AQA

Psychology – AQA

Enrichment:

Humanities are very proud of their enrichment provision. They provide a wide range of extracurricular trips, visits, clubs and events including:

Gifted and Talented clubs at KS3 and 4

Residential studies in History, Geography and RE at KS3

Numerous day trips to enrich all Humanities subjects

Trips abroad to support our GCSE subjects

Sanctions and Rewards

As a faculty we think it is important to praise students and have raised the profile of rewards in the faculty.

We have a rewards information board and another display board with names of 'students of the week'. Student behaviour is first and foremost monitored within faculty and a faculty timeout timetable ensures that staff have support where they need it. Behaviour management is strong within the faculty and we focus heavily on effective behaviour for learning.

Why work at Woodrush High School?

We place learning and progress at the heart of everything that we do and regularly celebrate at all levels the excellent achievements of our students. We have a 'can do' attitude where we feel that nothing is impossible to achieve in order to improve our students chances in life.
