Planning for the future

Phase 1

A modern purpose built campus in the Chua Boc district located in central Hanoi has been completed. The Chua Boc campus currently enrolls 45 grade 10 and 11 students who are on full scholarship. A phased enrollment plan for the Chua Boc campus will follow in August 2017 with the addition of PreK, kindergarten and grades 1 – 2, 6 - 7, and 10 – 12. Projected enrollment at the Chua Boc campus for preK – 12 will reach a full capacity of 1500 students.

Phase 2

The second Th School is set to open in Hoa Lac located approximately 25 km outside Hanoi's central business district in August 2018. The Hoa Lac campus will follow TH School's philosophy and educational program enrolling 350 grade 6 – 12 day and boarding students.

Phase 3 and beyond!

Establish at least one TH School in each of Vietnam's 58 provinces.

Develop a Teacher Training Institute to

provide talented Vietnamese teachers the opportunity to develop their skills, understanding and awareness of international educational standards and practice.

Living in Hanoi

Living in Hanoi, Vietnam provides TH School teachers with the chance to experience the unique character of a 1000 year-old city. The sights, sounds and colors are myriad, exotic and exhilarating — to have a bowl of pho (the national dish) at a street corner food stall, to visit the 900 year-old Temple of Literature, or to stroll through the cramped and crooked streets of the Old Quarter are experiences that can't be duplicated.

Hanoi has an old Asia feel with tree lined streets and a low cost of living. With numerous lakes, fantastic restaurants, vibrant night-life and South-East Asia's best preserved colonial architecture, Hanoi is an easy choice for many expats with the desire to move abroad.
