

Thank you for your interest in the advertised post.

I would like to take this opportunity to explain why Whitley Academy is such a rewarding place to work.

We are an innovative and inclusive school, committed to delivering high quality education for the community we serve. We value everyone that we work with, regardless of their differing needs, abilities and backgrounds. This ethos influences all that happens within the school – our mantra of ‘deeds not words’ supports all students to be the best they can be.

We received an ["Outstanding"](#) Ofsted judgement in December 2013 for the second time and are proud to deliver an excellent all round education to our students.

Our aim is to ensure that each child develops into a responsible young adult with high self-esteem, excellent examination grades and the skills and competencies to equip them for success into the future.

As an RSA (Royal Society for the Arts) Academy we are proud to share their ethos of equality for all and social justice.

Whitley Academy is a Teaching School and works in close partnership of three others in the RSA Teaching School Alliance. This provides additional opportunities for outstanding teacher development and CPD through working with this family of schools.

We are recognised as a centre of excellence in our local community and have a growing reputation regionally and nationally for excellent outcomes.

We have exceptional facilities at Whitley Academy for staff and students. We believe in supporting all in the school community to develop and be the best they can be. Please contact the school if you would like to visit.

I look forward to receiving your application.

Mr Fred Rex
