

Person Specification:

We are looking for someone with:

- A genuine understanding of the importance of establishing and maintaining good relationships for effective learning and academic leadership.
- A creative approach to teaching Science & Biology, combining engagement with academic rigour and an understanding of the importance of practical and investigation work.
- A passion for educating, inspiring and understanding children and a belief that every child can succeed beyond her/his expectations.
- A commitment to professionalism and the desire to be part of an HMC school with a prestigious history and an important role to play in providing all students with an internationally-minded liberal education.
- A love of learning and a commitment to continuing to learn, through classroom-based research, collaboration and peer observation.
- A desire to participate holistically in the life of a busy and ambitious school, through pastoral support and co-curricular activities (such as supporting school clubs or student charity work).
- The flexibility and sense of humour required to work abroad, with both the great benefits and minor challenges that it presents.
- An interest in getting to know Prague and the Czech Republic, its people, its culture and language.
