

JOB VACANCY – COMPUTER SCIENCE TEACHER

Dates : Apply by **22 June 2018**, Job Starts **20 August 2018**

HELP International School seeks to appoint an innovative, dynamic and well-qualified Computer Science practitioner to join the Learning Innovation team. HIS is an 1:1 iPad device school, and was recently recognised by Apple as a Distinguished School. The successful candidate should be willing to commit to working in an innovative, forward-thinking environment across several phases in our all-through inclusive school.

Candidates should have recent experience of delivering Computing or Computer Science to IGCSE and A Level. The successful candidate will have experience of delivering and promoting computing and computational thinking skills. Candidates should hold a computing related degree and must have a recognised postgraduate teaching qualification

Candidates should send a curriculum vitae to hr@kl.his.edu.my, with two references from your current program supervisor and a one-page covering letter to the Principal, Ms Davina McCarthy.

We are committed to safeguarding and promoting the welfare of children. Successful applicants must be willing to undergo child protection screening for Child Protection Certificate (available at www.acro.police.uk/icpc/) and an Enhanced Disclosure from the Criminal Records Bureau in the UK (or a police check/ clearance from your home/ residents country).

All offers of employment are subject to various visa requirements and local rules and legislation in Malaysia.

For more information about HIS, please visit us at www.his.edu.my and www.facebook.com/HELPIInternationalSchool/

We look forward to welcoming you to our community.
