We are an unusually diverse school in cultures, beliefs and abilities with 1494 students on roll this year, a significant number of them coming from the Inner City. We have a large Sixth Form of 240 students. The school includes students from the northern boundary of Leeds almost to the city centre, with wide differences of social background, racial origin and religion. Students live and work together with an outstanding degree of harmony. The present teaching staff is approximately 98 with 82 support staff working in the school. The school has a commitment to a full continuing professional development programme.

Allerton Grange is sited 4 miles from Leeds city centre in an attractive area of residential property, most of which is privately owned. As part of the Building Schools for the Future programme, we moved in to a purpose-built new school on our existing site at the beginning of September 2009. The new building is quite simply stunning in terms of its scale, design and finish. Our new building boasts state-of-the-art learning resources in a twenty-first century learning environment.

We are a good and improving school and all staff are committed to embedding the highest expectations into everything we do. We believe that excellent teaching transforms lives of young people and therefore we are determined to provide the best quality teaching for our students.

The Deaf and Hearing Impaired Team (DAHIT) have a unit in the main school serving approximately 15 Hearing Impaired students, who are fully integrated into the life of the school.

At Allerton Grange School we live our school values. Our values are the common threads that bind our school community together. Our school motto also reinforces how we get the best out of every member of the school. Everyone of us aims to be the best we can; we work hard to achieve our goals and we celebrate our success.

I welcome applications from hard working, talented and inclusive people who wish to develop their future with us. This is a vibrant and changing school which will demand much of you but gives a great deal in return. If you wish to apply

for the post, please return your application form to the school by the closing date indicated in the advertisement. Please note, however, that if you have not heard from the school within 4 weeks of this closing date, you may assume your application has been unsuccessful. If this is the case, I wish you every success in your future applications.

I look forward to hearing from you.

Department Information

Our aim within the Humanities curriculum is to provide courses that enable all students to develop their ability and to find the Humanities an exciting and stimulating challenge. The school places a great emphasis on treating students as individuals and on teachers teaching creatively rather than from rigid work schemes. Though external demands put great pressure on teachers to follow curriculum and specification requirements, we hope that this is not at the expense of students' interests, enthusiasm and that students enjoy their humanities lessons, taking a pride in their work and responding to positive encouragement from teachers.

The curriculum areas occupy suites of rooms within a pod system, although a minority of lessons are taught elsewhere in the school. It is curriculum area policy, where possible, to have staff in their own teaching room.

There are currently Curriculum Leaders of History, Geography and RS who manage the teams. Teaching staff have access to laptops, projectors and school ICT facilities.

If you would like more information about either the post or the school in general, please feel free to contact us.
