# Working At Godolphin and Latymer

---

Godolphin and Latymer is one of the country's leading independent day schools for girls. Founded in 1905, it has been both a state grammar school and an independent school in its 112 years. Located in Hammersmith, West London, close to the exciting cultural life of the capital, the school is a dynamic and energetic community of 800 girls, together with approximately 150 teaching and support staff. There are approximately 220 girls in the Sixth Form, studying for both the IB and A levels. Hammersmith itself is very conveniently situated less than 20 minutes from central London, sitting on a beautiful stretch of the River Thames and with plenty to offer, including several fine restaurants and two of London's best theatres.

Godolphin and Latymer is an academically selective school and our girls are bright, enthusiastic and inquisitive. They love learning and are increasingly demonstrating their ability to be creative and critical thinkers, keen to solve problems using their own intellectual resources. Teaching here is a most rewarding experience. Girls are motivated and engaged in their learning. Our harmonious community is socially, culturally and ethnically diverse, indicative of the cosmopolitan world of West London. Our catchment area is relatively wide, encompassing all areas of West London, plus a number of areas further afield from which girls are able to commute easily to Hammersmith because of its excellent transport links. (We are a couple of minutes from both of Hammersmith's tube stations and its bus station.) Relationships between girls and all staff are superb and we place great significance on valuing the individual and expecting the highest of standards in all that we do. The school is governed by principles of mutual respect, tolerance and consideration for others. Girls are very supportive of each other, sensitive and aware of others' needs and proud of their school and its ethos and history. A fine example of this is the extensive support given to our Bursary Fund by all sections of the school community, present and past.

Pastoral care and working collaboratively with parents is fundamental to the success of our girls. We value good communication between all sections of our community and try to be proactive in keeping up to date, all who are involved with the school. The school plays a key role in the local area; girls take part in voluntary work schemes with many local businesses and institutions. We run a number of community events including; a public lecture series, the annual arts festival, monthly tea parties for the local elderly, and the weekly Ancient World Breakfast Club.

The school's facilities are excellent and the governors are aware of the need to ensure that such standards are maintained. Our sports facilities include a full-size all-weather hockey pitch and three netball courts, which convert into twelve tennis courts during the summer term, all of which are floodlit, and the Hampton Sports and Fitness Centre (new and purpose-built for September 2015), which contains a four court sports hall, a climbing wall, a dance studio and a fitness suite. Our performing arts centre, the Bishop Centre, housed in the imaginatively converted church of St John the Evangelist, together with the Rudland Music School, is also a recent example of the investment that is crucial to the school's continued development. Teaching and learning resources are plentiful and the use of ICT to facilitate learning is at the forefront of our current strategy. iPads are used by the girls in learning and all teaching staff are given iPads. The school aims to be forward-looking in its approach to teaching and learning and emphasis is placed on pedagogical development amongst all teaching staff.

Extra and super curricular activities play a fundamental part in the education we offer here. All staff play a full part in this aspect of our school's life, with numerous opportunities to lead activities, and to develop interests old and new, in school and on visits both in the UK and abroad. Girls are active participants in this programme, both as leaders and contributors, as well as benefitting from the extensive variety of the provision.

## **Why work at Godolphin and Latymer?**

The staff are thoroughly professional, highly qualified and knowledgeable, enthusiastic and passionate about their own subjects, as well as understanding the importance of the breadth of the educational experience that we provide.

The school is characterised by a warm and welcoming atmosphere and a mutually supportive approach. Expectations of staff are high, but equally, personal workloads are carefully considered by the supportive leadership team. There are plenty of opportunities for further appropriate professional development and a generous inset budget is provided. Support staff and teaching staff are valued equally for their part in the overall success of the school and there is a strong sense of camaraderie and fun!

The governors are keen to ensure that staff remuneration is always competitive and that staff are fairly rewarded for their commitment to the school.

Staff turnover is relatively low, indicating a stable staff, yet we also pride ourselves on the welcome and support that we give to new colleagues and we very much value their ideas and contributions. People enjoy working here!

# Your Professional Duties

---

## **Your professional duties**

The School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.

# The Science Faculty

---

The large and thriving Science Faculty at Godolphin and Latymer is comprised of experienced, enthusiastic and proactive teachers, who have a strong focus on skills development and independent learning. Those within the faculty are constantly seeking new and novel ways of teaching each of the three subjects and the sharing of good practice is encouraged across the sciences. At A Level, we teach AQA Physics, Edexcel Chemistry and OCR Biology and all three departments teach Higher and Standard level in the IB Diploma Programme. Currently, the Physics Department is comprised of six Physicists, who readily share their ideas and resources.

In the Physics Department, it is believed that the best way to learn is through having a mixture of taught practical and theory lessons, independent learning and fun. The students engage in their learning and enjoy their lessons. This has helped them achieve excellent results in both GCSE and post-16 education. It is this enthusiasm for the subject that has helped many students gain places at top universities, to study Physics, Engineering and Natural Sciences.

At Godolphin and Latymer, we believe in the value of a thorough and broad scientific education – we enter all of our pupils for three separate sciences at IGCSE. All three sciences teach the Edexcel IGCSE.

The Science Faculty is comprised of 11 well-equipped modern laboratories, enabling Physics, Chemistry and Biology lessons to be taught in specialist rooms by specialist teachers. We have recently completed the modernisation of all of the laboratories, making them much more conducive to the Active Learning strategies that we engender in our pupils and teachers. The new rooms readily facilitate group work and peer learning, as well as being more flexible, well aired and lighter, and generally, a much better use of the space available.

All teaching rooms are equipped with experimental and demonstration equipment and there is an emphasis on the use, where appropriate, of ICT in science lessons. Girls have the opportunity to use their iPads for datalogging, giving them an insight into how science is really carried out these days.

The science teachers are supported by able, interested and well-qualified Technicians, one for each subject, plus a general Laboratory Assistant. The Technicians have their own workrooms, in which they can prepare equipment for individual pupil use and for demonstrations.

The Science Faculty plays an important part in the extra-curricular life of the school. Our students enjoy a wide range of clubs and societies, such as SciZmic, CREST Award, Dissection Club, Natural Sciences Society, Physics and Engineering Society, 'Absolute Zero' Magazine, 'Dr Dolphin' Magazine, Biomedical Society, trips to CERN, Science Live and AIM conferences and Olympiads. We support girls with applications for a variety of training and sponsorship opportunities and currently two of our Lower Sixth have been awarded Arkwright Scholarships. We regularly have girls taking part in The Royal Institution Engineering Masterclasses held at Imperial College and UCL and we are always looking for more ways to expose our girls to Science beyond the classroom.

The dedication and support of our teams in Biology, Chemistry and Physics have resulted in many of our students gaining places at top universities to study the Sciences, Medicine and Engineering – in fact over 25% of our leavers obtain places on such courses.

# Salary, Hours and Benefits

---

The salary awarded will depend on experience and qualifications of the successful candidate. The Governors review salaries each year to ensure they remain competitive. Salaries are paid by account transfer on the 25th day of each month, or the previous working day, in twelve equal payments.

## **Hours**

Teaching staff are expected to be in School for 8.25am and the school day ends at 4.00pm (3.05pm on Fridays). However, hours are as required to fulfil the duties of this role both before and after school hours.

## **Benefits include:**

*Staff Fee Remission* – staff are eligible for fee remission. The continuance and value of the school fee remission is at the discretion of the Governors.

*Longer holidays than the maintained sector.*

*iPads* – all teaching staff are given iPads.

*Membership of the Teachers' Superannuation Scheme* - teachers are automatically enrolled into the Teachers' superannuation scheme.

*Enhanced sick and maternity/paternity pay arrangements* – the school offers additional support to staff via its sick and family friendly policies.

*BUPA* – membership of BUPA private medical insurance scheme at a reduced rate.

*Personal Accident Insurance* – staff are covered for permanent disability resulting from an accident, whether at School or elsewhere. Cover is provided for 365 days of the year.

*Advance purchase of travelcards with monthly repayments* – the School will pay for your travelcard (minimum three month card) and collect the repayments, at cost, over the life of the travelcard.

*Childcare Voucher Scheme* – the School offers staff the opportunity to join the tax advantageous childcare voucher scheme.

*Lunches and Refreshments* – lunches and refreshments provided in the Staff Room and Staff Dining Room are provided by the School to all members of staff, free of charge.

*School Nurse and Doctor on site* – the school medical department employs two school nurses and the school doctor is on site for half a day every week.

*Fitness Facilities* – staff are able to use the fitness facilities in the Hampton Sports and Fitness Centre and the school's outdoor sports facilities.

*Staff wellbeing* – there is a selection of wellbeing sessions that staff can attend, including acupuncture massage, yoga, zumba, rock climbing and kickboxing.

# Application
