## MOIRA HOUSE

Roedean Moira House is the first school in the Roedean Group of Schools. We are extremely proud that this girls' school in Eastbourne will launch in September 2018, and will be run by Roedean with new vision and new leadership. It will provide wonderful opportunities for girls who are just starting their educational journey all the way through to completing their secondary education and going out into the world. Roedean Moira House will offer a truly exciting alternative to the independent school market in Eastbourne.

As an outstanding preparation for life after school, Roedean's educational model is to offer a genuinely holistic and academic education which enables pupils to enjoy their education, develop their own interests, and discover their academic passions. We are delighted that girls in Eastbourne and beyond will have access to a Roedean education, which is characterised by a commitment to academic excellence, high-quality pastoral support, and an exceptional range of opportunities beyond the curriculum, all within a friendly and supportive atmosphere. Roedean Moira House will provide this model in Eastbourne, under the executive leadership of Oliver Blond, and we look forward to seeing the great things we can achieve.

## Five Aims of the Roedean Group of Schools

1

To **raise academic standards** by improving the **quality of teaching and learning**, and developing **intellectual independence**.

2

To develop an **exceptional holistic education**, allowing all students to **flourish in a variety of fields**.

3

To provide an **inspiring and safe learning environment**, complemented by outstanding facilities.

4

To provide a **coherent and clear school structure**, the schools in the group, and the different sections within each.

5

To create a **strong and confident market niche** for the school at an **affordable and competitive price**.

# Junior School

Significant investment will be put into the Junior School, with newly appointed and highly experienced senior staff. At this age, a strong curriculum and co-curricular programme provide the solid foundations on which the pupils' future education is built.

- Engaging teaching and learning
- Wide range of subjects
- Engendering a love of learning
- Exciting co-curricular activities
- Opportunity to find new strengths

# Senior School

The Senior School will provide our students with an inspiring learning environment within which we will aim to provide increased opportunities for those with particular talents or interests and support those who need extra help.

- Chance to develop existing interests
- Significant investment in staff, boarding, facilities, and teaching and learning
- Improving public examination results
- Roedean Moira House Diploma

# Sixth Form

The Sixth Form will give our A Level students a sense of independence that will create a smoother transition to university. As well as improvements to quality of teaching and learning, plans to develop this Sixth Form will create a learning space more cohesive to a curriculum that promises a journey of intellectual stimulation and challenge, combined with a wealth of opportunities and experience.

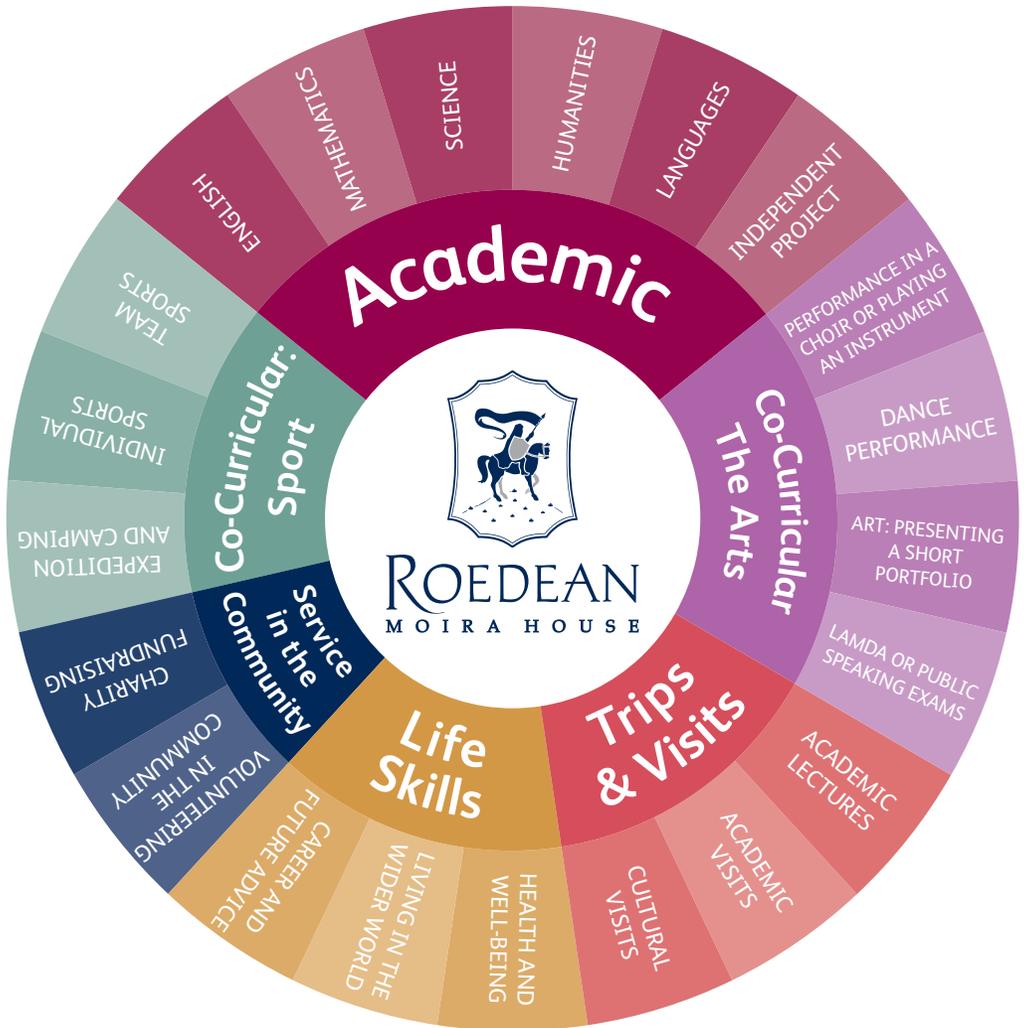

- Challenging curriculum
- Diverse opportunities
- Independence
- Development of Sixth Form Study Rooms
- Targeted support
- Preparation for university life

# Roedean Moira House Diploma

All students at Roedean Moira House are required to complete the Roedean Moira House Diploma, which unites all aspects of School life, namely academic, co-curricular, and life-skills.

The diploma is designed to allow each student to develop a wide portfolio of skills, and provide a vehicle through which she can celebrate and be proud of her achievements.

The girls will receive a book in which they will keep written records of all their activities, and these must be signed by a member of staff. All of the academic elements are compulsory, as is at least one element in the other subsections.

Students must complete at least 14 out of the 21 sections to complete the Roedean Moira House Diploma each year. Those who complete over 17 elements will pass the diploma with Distinction.
