

COMBERTON VILLAGE COLLEGE

An Academy of the Cam Academy Trust

Executive Principal: Mr Stephen Munday, CBE, M.A.
West Street, Comberton, Cambridge CB23 7DU

TEACHER OF PHYSICS (NQT and experienced teacher applications, potential TLR opportunities available)

To start: 1st September 2018

Salary: MPS/UPS

We are a highly successful, community mixed comprehensive school with Teaching School status in a pleasant rural setting only 5 miles from the centre of Cambridge. We currently have around 1,800 11-18 pupils on roll including our new sixth form centre that opened in September 2011.

Our pupils are well motivated, staff morale is excellent and examination results at KS4 are outstanding: 80% of students attained grades 9 – 4 in Maths and English last academic year and 39% of all grades were A*/A: whilst at A-level 84% of grades were A* - C or 9 - 4. At KS5, the Sixth Form's results are in the top 5% nationally for student progress made against predictors, with 40% of all grades in 2016 at A*/A grades.

The Science department has and continues to have a strong reputation for the delivery of science at all key stages. At KS4 and KS5, teachers typically teach in their specialists areas, and across all sciences at KS3. The physics team has developed its own schemes of work at all key stages to deliver an inspiring physics curriculum. The science department and physics team is a friendly, collaborative and hard working group of teachers and technicians, who all share a common enthusiasm for science and students' education. More details can be found in the College information pages.

Closing date for applications is Tuesday 23rd January.

Please note that we withhold the right to move the closing date if we receive a high number of early applications.

The Governing Body is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. An Enhanced DBS check will be carried out for the successful candidate.
