Head Teacher:
Mr Gary Hartley MA

October 2018

Dear Candidate

You are applying for a post in a unique school. Kirkby Stephen Grammar School has 409 students on roll, many of whom make long journeys by bus, because they and their parents believe that this is the best school for them.

Our last Ofsted report rated 'Good in all areas' described "positive relationships between staff and pupils are the backbone of this school" and students who "take pride in their work". Please feel free to arrange to visit the school, I would be delighted to show you round.

Working in a small school undoubtedly brings its own challenges, but the pay-offs are enormous. We want the best for our students now and in the future and we are determined that they receive the best possible educational deal. Being resilient is critical to our success and, as a team, we work tirelessly for the good of the school.

If you think you have the drive, determination, energy and a sense of humour to make our young people's lives a success, please apply.

We look forward to hearing from you.

Yours faithfully

Mr G J Hartley
Headteacher
