

We are seeking to appoint a motivated and enthusiastic Design and Technology Technician within the Art, Design and Technology Faculty. This is an excellent opportunity to join the faculty and be a part of making innovative approaches to the development of the Art, Design and Technology curriculum.

Of particular interest to candidates for this post will be the significant investment that we have made to ensure that the Art, Design and Technology facilities in our new building provide us with exceptional facilities and the ability to completely transform learning experiences in this area. The Department is supported by enthusiastic and talented technicians who are practicing designers. There are 7 spaces for teaching DT, including specialist rooms for Textiles and Food, 2 Graphic rooms and 2 fully equipped workshops. Bow School Design Technology Department is part of the vibrant and progressive Art & Design Technology Faculty.

It is an exciting time to join Bow School in Bromley-by-Bow, London as we undergo a significant programme of expansion and change. Since 2014 we have moved into our iconic state of the art buildings, seen our first intake of girls, opened a Sixth Form and started our growth to a 9-form entry school.

The diversity of the school community ensures that Bow is a vibrant and interesting place to work. The successful candidates will demonstrate consistent high standards of teaching and excellent classroom management skills.

For an application pack, please contact hr@bow-school.org.uk

We Offer

- A strong personalised programme of professional development and coaching for teachers and support staff
- Strong links with other local schools for partnership working and support
- A strong community spirit
- Staff who are very supportive towards each other with a great camaraderie existing throughout the school

Bow School is committed to safeguarding and promoting the welfare of our students and expects all staff and volunteers to share this commitment.

This post is subject to an Enhanced Disclosure and the successful applicant will be subject to relevant vetting checks before an offer of appointment is confirmed and will be subject to rechecking thereafter, as appropriate
