

Dear Colleague

We are looking to appoint an outstanding practitioner to lead Key Stage 5 mathematics at Forge Valley. This is an exciting opportunity for an inspiring and ambitious teacher to build on existing good practice. The post also offers the opportunity to work collaboratively across schools in the Tapton School Academy Trust.

The successful candidate will work closely with the Director of Mathematics to raise attainment through both high quality teaching and leadership. Most importantly they will be someone who has vision, energy and enthusiasm - for pupils, staff and the subject.

Our sixth form is graded good by Ofsted and progress over the last three years has been consistently above national average.

Mathematics is delivered by a dedicated specialist team of staff and is a popular choice at Key Stage 5. We currently offer both AS and A2 mathematics qualifications, as well as having a growing number of pupils choosing Further Mathematics.

Yours sincerely

Dale Barrowclough  
Headteacher
