

## **Secondary School - Teacher of Mathematics**

*"To inspire, challenge and nurture for excellence"*

We are delighted that you are interested in furthering your teaching career at the British School Jakarta (BSJ). The Secondary School currently has over 600 students in Years 7-11, and over 200 students in our Sixth Form. Our reputation is to provide academic excellence via a balanced international curriculum, while enabling our students to become active, compassionate and lifelong learners.

Our curriculum in the lower years (KS3) is modelled on the English National Curriculum, after which students then study their choice of subjects at (I)GCSE and the International Baccalaureate Diploma Programme in our Sixth Form. Our students annually achieve results well above UK and global averages, and are highly successful in their applications to leading universities in the UK, USA, Canada and Asia.

Students at BSJ are exceptionally active in exploring and developing their individual passions and talents. We have an expansive programme of opportunities that encompass: sports, drama, music, art, technology, leadership, charity and community service.

The Mathematics faculty comprises of ten full time teachers. The faculty is well-resourced with a wide range of software/hardware and textbooks. Academic results throughout the school in Mathematics are excellent and significantly above UK and world averages. At KS3, the faculty works closely with aspects of the KS3 strategy in preparing students for the rigour of IGCSE (Edexcel, 9-1) and IGCSE Additional Maths (CIE) for those students who enjoy the challenge of further developing their Mathematical experience. At IB, most students study either Standard or Higher Level, but Mathematical Studies is an available course.

Applications are invited from experienced and dynamic teachers who hold a relevant degree and work experience with experience and a clear understanding of teaching at Key Stage 3, I/GCSE and IB level. Please note that prior experience of teaching IB would clearly be an advantage however, provided candidates have substantive experience of teaching at post-16, training opportunities will exist for teachers new to IB. Most full-time teachers are also form tutors.

The successful candidate will be able to demonstrate:

- A track record of exceptional Mathematics teaching
- Capable of teaching across the Key Stages
- Outstanding subject knowledge
- Enthusiasm and motivation for exemplary teaching and learning

In return, the successful candidate can expect:

- A comprehensive Induction Programme
- Opportunities to work in a dynamic and supportive faculty with excellent facilities
- A positive student body who love learning
- A strong Continuing Professional Learning programme to develop you as an outstanding teacher
- A supportive Senior Leadership Team

If you are lively, forward thinking and able to motivate young people to reach their academic targets and beyond, then we would be delighted to receive your application to join our team.
