Teacher of Art  
and/or  
Teacher of Design Technology  
Required from September 2018**

### **The School**

The Cathedral School in Llandaff is the leading independent school in Cardiff, the capital city of Wales. It educates approx. 800 students, boys and girls, aged from 3 – 18.

The school is located on an attractive campus adjacent to the ancient Llandaff Cathedral. It was founded in 1880 as a choir school to provide choristers to the Cathedral, and this tradition continues today. The school moved to its present campus in 1958, then numbering 190 boys and being a preparatory school. It became co-educational in 1978, and expanded very successfully to GCSE 12 years ago, achieving amongst the best GCSE results in Wales every year since. The Sixth Form began in September 2013 and has grown and developed each year; with outstanding results and students progressing to a wide range of university courses. There are no boarders; all of our students come from the locality, most from within a 20 mile radius. Standards, academic and behavioural, are very high. All students are expected to give and to be the best they can.

The Cathedral School is a member of the Woodard family of schools and is the only Anglican choir school in Wales. The Christian faith is central to the life of the school and all members of staff are expected to actively promote the aims of a Christian school, to contribute willingly and generously of their time and commitment to school life, and to sincerely seek to do and to be their best.

In addition to membership of the Woodard Corporation, the Cathedral School is a member of the Society of Heads (formerly SHMIS), IAPS (The Independent Association of Prep Schools) and also of the Choir Schools' Association.

### **The School's Aims**

The school offers a broad curriculum which it aspires to deliver through the highest standards of teaching. It is expected that students will progress within the school until A-level. The school not only prides itself on its musical, academic, sporting and artistic achievements, but also on its ability to challenge and motivate all of its students. We want children to take risks in the classroom, not to be afraid of getting it wrong, but rather to be confident enough to ask questions and think for themselves. All children have talents and gifts, both in and out of the classroom, and we are always looking to identify and celebrate these at every opportunity.

Ultimately, our aim is to equip our young people with the skills, abilities, interests, experiences, qualifications and, most importantly, vision and values to be the best that they can be, and to spend their lives promoting the common good. We hope that each of them will, in some way either great or small, make the world a better place.

## **The Art, Design and Computing Faculty**

Both Art and Design Technology are taught within the Art, Design and Computing Faculty at the school. We are seeking to appoint an outstanding and inspirational teacher to join our successful and creative team. The successful applicant will be required to teach mainly Key Stage 3 in either or both of the subjects and there is the opportunity to teach up to GCSE for the right candidate. The role also involves contribution to the development of Art and/or Design Technology throughout the school and help to write and amend schemes of work.

This is a part time post and we welcome applications from experienced teachers from both the independent and state sectors. The successful candidate will be engaging, forward thinking and have a sound understanding of the curriculum in either or both subjects. You must be a good team player and willing to share your ideas and expertise for the benefit of the pupils.

All pupils in Years 7 and 8 are taught Art and Design Technology as separate subjects once a week, each for 45 minutes. In Year 9, when Art and Design Technology become optional subjects, uptake is strong and lesson time increases to 90 minutes per week for each. The GCSE courses begin in Year 10, and follow the Eduqas specifications. Class sizes are a maximum of 24 in Years 7 to 11, enabling us to provide an enhanced learning experience across all year groups.

The students at the school are great fun and are willing to work very hard. They appreciate a teacher who is willing to invest time into their lives and who cares about them and their education.

Should you choose to apply we look forward to meeting you, showing you what we do and hearing what you can offer. We are a friendly, good humoured, supportive and diligent team, we would like to develop further through welcoming a creative, knowledgeable and inspirational teacher to the faculty. If you would like any additional information about the role, please contact Dr Nathan Horleston, Deputy Head Academic, via [enquiries@cathedral-school.co.uk](mailto:enquiries@cathedral-school.co.uk).
