## **Art and Technology Teacher**

**Full Time and Permanent  
MPS/UPS**

**Required from September 2018**

**Closing date 21<sup>st</sup> May 2018**

Dear Candidate

Thank you for expressing an interest in the Art and Technology Teacher vacancy at Royds School.

As a school we pride ourselves in being a "Student Centered Learning Community" as we work together to improve standards and outcomes across the school. We have three core principles which are central to our drive and determination to succeed:

**'No barriers to success'**  
**'No ceiling to achievement'**  
**'No excuses to underperformance'**

I started as Headteacher in April 2014 and we have made great progress in many areas, but there is still much to do. We are looking for ambitious, committed and dynamic staff who can make a difference to the lives of young people and help us on our journey of school improvement. All the components for an excellent school are here; fantastic students, supportive parents, some excellent primary schools and staff who are committed to improving the school and the lives of young people.

In 2014, we began to see the potential of our students and our school. 72% of students attained a C or above in GCSE English, an increase of 18% from the previous year with 76% of students making expected progress, far exceeding the national average. This upward trend has continued, especially in the core subjects. The results in Science have been consistently outstanding and in the top 10% of schools nationally for progress made.

These continued improvements were recognized in our most recent Ofsted inspection in May 2016.

- *"The headteacher and senior leaders have an exciting and ambitious vision for the future. Since the last section 5 inspection, they have brought energy, resolve and a strong sense of urgency to the school's drive for improvement."*
- *"The quality of teaching, learning and assessment has improved since the last inspection ...The quality of teaching and pupils' learning and progress in English, mathematics and science are improving quickly."*

- *"There has been a tangible improvement in pupils' conduct and behaviour since the last inspection. Expectations are higher and teachers routinely follow the school's behaviour policy. As a result, there is a strong downward trend in incidents of challenging or disruptive behaviour. Increasingly, pupils are polite and respectful, willingly following the firm but reassuring direction they receive from adults."*
- *"16 to 19 study programmes are good. Sixth-form learners make good progress in a range of vocational and academic subjects."*
- *"The leadership of the sixth form is good. Learners' progress is carefully monitored and leaders take prompt and effective action to support any learners who are struggling or fall behind. The quality of teaching, learning and assessment in the sixth form is good."*
- *"Learners say they work well together, feel well supported and are 'one big community'. They speak highly about improvements in the quality of teaching since the last inspection."*

Ofsted May 2016

There are more exciting times ahead. Our Post 16 provision is expanding as we work in partnership with 2 other local schools to broaden the curriculum offer and expand the opportunities for our students. We are part of the Red Kite Alliance, a partnership of Yorkshire schools and institutions that share skills, experience, talent and capacity to help improve the learning and achievement of young people across Yorkshire. Through this, we can access nationally accredited and bespoke leadership, training, support, research and development opportunities to all our staff. We are also a Pixl school which helps keep our staff invigorated with new ideas and initiatives to improve the outcomes for our students.

I hope that after reading the information about the school you will want to submit an application and want to be part of a team who are committed to making Royds School Outstanding.

Yours sincerely

**Brian Kelly**

the Teaching and

*I love being a teacher at Royds because it is such a varied, exciting and challenging role. The school has allowed me to grow and develop as a classroom practitioner. Our students are amazing and they make me want to learn to be the best teacher I can be to help them achieve to the best of their ability. All of the staff are welcoming, kind and supportive, which makes everything so much easier. This is my fifth year at Royds School and I genuinely cannot imagine working anywhere else!*

*Our students are individuals with incredible hopes and dreams and we help them strive to achieve them. They also have fears and worries and we are always here to provide support and see them through. At Royds they are not just statistics on a spreadsheet, they are special and amazing young people and we really care for them. If I did not truly believe that, I could not have stayed here for 15 years!*

*I started at Royds last September as Head of Geography. I came from an Outstanding school where very much the challenge was to fine tune performance in order to stay in that top category. I wanted a new challenge and heard about the improvements Royds had made over the last couple of years and very much wanted to contribute to that development process. The contrast to my last school couldn't be greater and its invigorating being able to make the journey climbing back up to the top, which I very much believe Royds has the potential to do.*

*As a newly qualified teacher I have benefited immensely from the support and guidance of my personal tutor, members of my department and the wider Royds community. I feel this has enabled me to focus my attention on conveying my passion and enthusiasm for History to our students, who have responded with an eagerness to learn and a willingness to challenge themselves.*

*I love being a member of pastoral support staff at Royds. Being a member of the pastoral team is a vital role which can be challenging at times but I have seen myself develop professionally since working here. Working in a school is the best experience I have had, seeing students grow into young adults is incredibly rewarding. I have been working with the current Year 11 since they joined Royds in Year 7 and although there has been ups, downs, laughter and tears I have developed great relationships with both students and their families.*

*Having worked in other high schools I can honestly say I love working at Royds, the support for staff and students alike is second to none, everyone genuinely cares for each other. Some of our families can be difficult to engage, but that makes the successes and achievements all the more rewarding. Ultimately we are all working towards the same goal, to bring the best out of our amazing young people so they can achieve their dreams and ambitions.*

I am passionate about helping every student to develop and maintain a love of literature. Reading is such an important part of social, cultural and moral awareness, but developing literacy and comprehension skills is also critical to their success in education and enhancing life chances. I feel incredibly proud to be part of a leadership team that has achieved so much already, but is always looking to improve further.*

*I love teaching and inspiring students to have a career in Law. I particularly enjoy working with older students; advising them and giving them the confidence to have a better future. It is incredibly rewarding seeing students mature and thrive in our Post 16 provision. # What We Can Offer You

## Induction

From the moment a member of staff is appointed, we begin their induction. We will make sure new staff have information about the school and role before you start. We will ensure everyone has an induction day where they will meet staff and have a number of sessions relevant to their role on school procedures. Sessions vary depending on the profile of staff starting but will typically cover strategic direction, safeguarding, behaviour and rewards, teaching and learning, data and reporting and health and safety. This is normally followed up by a series of recap sessions once in role so staff can ask questions once they are applying policies and systems. This may vary for support staff depending on their role.

We are also very aware that there are also the little things that can seem big when starting a new role like what to wear, where to park, where the toilets are. We will make sure that you know all of the basics before you start and give you documents like maps, a sheet with names and photos of key staff as well as a handbook. We will also normally give you a buddy who will be based near you or be in a similar role to you so you have a friendly face that you can ask any questions.

## Bespoke CPD

We see valuing staff development as crucial to our improvement as a school. We disaggregate three training days to allow for a regular staff CPD session every Monday. There is a short staff briefing with the focus of these sessions being teaching and learning. Support staff are encouraged to participate, especially those in student-facing roles.

Although there are inevitably sessions which need to be whole school, wherever possible, we deliver bespoke sessions. Staff groups are based on the needs identified in the most recent monitoring of teaching and learning. There are also opportunities arranged to observe colleagues outside of subject areas to develop and improve practice.

## Staff Wellbeing Programme

We understand that working in education is difficult and that staff need support to balance family life with the pressures and accountabilities of working in education. This is a constantly evolving programme supporting physical, mental and emotional wellbeing. There is access to Leeds City Council counselling support too.

## For NQTs

At Royds, we understand the pressure and strain of your NQT year and we offer a bespoke package of support. You will be given a subject mentor, an outstanding teaching and learning mentor, as well as an NQT induction coordinator, who will oversee this crucial year. Regular CPD sessions are held for NQTs and time is given for reflection and target setting. The teaching and learning team are also available for any specific needs that may arise.

I had the privilege of experiencing the school in Year 7 without Mr Kelly as Head and seeing the dramatic and positive changes since. It's like two different schools.

I believe the school's attitude as a whole has improved massively. The staff and students are extremely caring and devoted to my wellbeing and education.

Royds is a welcoming community and feels like one big family. What I like best is the staff. They make you feel welcome and cared for every minute of every day.

# About the School

## Our Mission Statement

<b>No barrier to success</b>	At Royds we believe that every student should be given every opportunity to develop their skills, discover new talent and realise their exciting potential. We will do all that we can to remove any barrier that prevents a student doing their very best every area of their life.
<b>No ceiling to achievement</b>	At Royds we want our students to be ambitious in their goals and to have high aspirations for what they can achieve. We will set the highest standards in all areas of school life and support our students to meet those standards and raise their expectations even higher.
<b>No excuses for underperformance</b>	At Royds we believe that learning is the responsibility of all. We want to work with everyone involved in our learning community to drive success and achievement. Through the education we provide, we are creating a future generation with the skills and knowledge to succeed in an ever changing world. We will never lose sight of this challenge and moral imperative. We will always look for answers, solutions and improvements to keep moving the school forward and provide the best education we can.

## Our Values

To help achieve the student centered learning community, the school needs all members of the community to follow the **Royds Three Rs**.

**Respectful:** valuing the whole school community by displaying good manners and tolerance to other students, staff, members of the public, the school site etc.

**Resilient:** not giving up in the classroom or in lessons, remaining resolved to achieve goals set and upholding highest standards in both behaviour and expectations.

**Responsible:** taking responsibility for day to day things like having the correct equipment or meeting coursework or homework deadlines but also for their behaviour. For example, words, actions and behaviour, admitting not always getting it right but taking responsibility and moving forward.

# About the School

## Our Strategic Direction

We have created the 10 Signposts to Success which are a simple set of statements that describe our vision for an outstanding school. They are integral to all school activities including the School Development Plan, policies and Performance Management. They are:

### TEN SIGNPOSTS TO SUCCESS

<b>1</b>	<b>ALL LEARNING GOOD OR OUTSTANDING</b>
<b>2</b>	<b>STUDENT OUTCOMES</b>
<b>3</b>	<b>STUDENTS FEEL SAFE, SUPPORTED AND INCLUDED</b>
<b>4</b>	<b>PREPARING EVERYONE FOR THEIR FUTURE</b>
<b>5</b>	<b>CLOSING THE GAP</b>
<b>6</b>	<b>ATTENDANCE</b>
<b>7</b>	<b>A SITE AND SERVICES THAT PROMOTE WELFARE AND ENHANCE THE STUDENT EXPERIENCE</b>
<b>8</b>	<b>ALL STUDENTS WITH AT LEAST CHRONOLOGICAL READING AGE</b>
<b>9</b>	<b>A POPULAR SCHOOL OF CHOICE IN THE LOCAL COMMUNITY</b>
<b>10</b>	<b>A HUB OF THE LOCAL COMMUNITY</b>

## Our Students

We want to provide the best education possible for all our students and will always put our students and their learning at the centre of everything we do. We expect our students to represent the school with pride in the local community, with a uniform that is smart and reflects the aspirations we have for them.

# About the School

We currently have over 1,000 students between 11 and 18. We have a thriving sixth form which continues to grow, teaching a wide range of subjects with a high proportion of students going on to higher education. Our examination results continue to improve at all key stages. In 2015 we saw our best ever A-Level results. GCSEs saw a 12% rise, from 42% in 2014 to 54% in the key threshold measure of 5A\*-C including English and Maths.

We have set the highest standards of behaviour at Royds and believe that every student should have the chance to learn without disruption or distraction. The "Stages of Behaviour" system is clear consistent and fair, ensuring low-level disruption is removed from the classroom. It gives students the opportunity to take responsibility for their behaviour and puts the focus on learning at all times. We also have a popular rewards system.

At school I am most proud of the amount of help the teachers are willing to give to me need it. The thing I enjoy most is the teachers and the good relationships students have with them.

**Abigail, Year 10**

## Our Staff

There are around 150 staff at Royds and who are well supported by an active Governing Body. We are fortunate to have highly-committed, professional and friendly staff, who work as a team to support both students and each other.

We have a largely new Senior Leadership Team who are committed to making the changes required for the school to become outstanding. There are five Assistant Headteachers with responsibility areas covering Teaching and Learning, Curriculum, Community, Behaviour and Inclusion and Post 16.

# About the School

We are committed to staff development and giving aspiring leaders management opportunities. For this reason, we have an extended leadership team and are developing schemes for middle leaders. We have very strong support for NQTs and trainees which has been praised in local authority reviews. There is staff training every Monday night and induction programmes are put in place for new staff.

## Our Area and Facilities

Royds School is in Oulton, on the outskirts of Rothwell. The site is large and we are fortunate to have a large amount of outdoor space.

The school began its life as the Rothwell County Secondary school in 1955 and was added to in the 70s and 80s. The most recent addition was a Performing Arts Suite in 2005. We are actively campaigning for a new school building however several areas of the school have had substantial investment to modernise facilities. Most recently the sixth form facilities and two science rooms were refurbished.

**Conner, Year 7**

Never worry as everyone is welcoming and nice. Sixth formers even took time to show us the way around. It is also an amazing environment to learn and it makes you feel safe. There are also places to go if you're not quite sure where to go.

## Our School Organisation and Curriculum

Our school day begins at 8.30 and ends at 14.35 although we have many after school support and enrichment sessions. The week is split into 25 hour long lessons with a 15 minute form time or assembly occurring daily.

# About the School

At Royds we believe there should be a coherence and continuity for students during their school day so lessons are structured with the Royds Learning Thread.

Our curriculum enables students to choose a wide variety of options, leaving all future pathways open as they begin to make decisions about their future. All students study the core subjects and secure qualifications in English, Maths and Science.

Students begin studying GCSE courses at the start of Year 9. All students study a core English language, English literature, Maths and an appropriate Science course and take exams in these subjects at the end of Year 11. In addition to the core offer, students choose three option subjects to study in Years 9 and 10. Throughout this time students also study RE/PSHE, ICT and PE however these courses are focused on enriching the student experience, not on gaining a qualification.

**Nancy, Year 8**

The school has improved and teachers are very friendly. We have had new teachers and that has improved the quality of teaching at Royds

# About the School

Students then choose a further option to study in Year 11. These choices allow students to specialise in areas they are likely to study at A-level, further broaden their studies or provide additional support for students who need additional help with English and/or Maths.

In the sixth form all students study the equivalent of four A-level subjects during their first year of study. They also receive an hour of guidance tutoring which supports them in embedding the independent study routines that they will need in higher education. The tutoring also allows students the time to raise any specific concerns they may have.

At Post 16 we offer a wide range of courses to meet the diverse needs of our Post 16 students. These courses include vocational qualifications in addition to the traditional academic qualifications. Subjects include Law, Psychology, Sociology, Performing Arts, Art and Photography, Maths, English, a full range of Science plus many more.

## Our Pastoral Organisation and Leadership

We are very proud of the support network we have built for students where each student is treated as an individual with individual needs. The Deputy and each Assistant Head take responsibility for a year group as well as a dedicated Assistant Head for Post 16. They are each supported by a Year Leader (Learning and Achievement Leader) and a Learning Manager. The Year Leader will be with students from Year 7 to Year 11.

In addition to this we have an ACE (Attendance, Caring Education) department with dedicated staff for students who need additional support. This includes students with SEN, EAL, students needing additional education in specific areas or to address a sudden and unexpected need.

We also have two Attendance Officers and a Safer Schools Officer so we can support our students in every way possible.

## Our Extra-Curricular Activities

We are very proud of our comprehensive sports programme and encourage all students to participate in at least one club. Boys have the opportunity to join football, rugby, basketball, gymnastics, tennis, cricket and athletics. Girls can participate in football, netball, hockey, gymnastics, tennis, rounders and athletics. We have a proud record in competitive sports and each year our teams regularly succeed in winning area and city championships.

# About the School

Royds has a rich tradition of international visits and our students frequently visit places as diverse and exciting as China and New York with European and more local visits forming a major part of the school calendar. We believe these visits add not only to the educational experience but also establish a culture of independence and a willingness to embrace the unknown.

Dramatic performances at Royds range from reviews to major productions of Shakespeare. Drama students enjoy workshops with professional actors and get involved in extra-curricular events such as Rock Challenge.

## Our Community Links

Education at Royds is about partnership – the partnership between students, parents and our staff. A school should be at the centre of the community and we have excellent relationships with our feeder primary schools, community groups and local industry.

Within the school we have a thriving Student Executive who have a critical role in helping shape the future of Royds. They meet regularly with the Headteacher, help in the recruitment of new staff and represent the school at many events and occasions throughout the year.

The school has improved massively over the last few years. The teachers do their best and beyond to help the students and other staff. The school has changed the uniform and this makes the school more smart and formal.

Brandon, Year 10
