

Dear Applicant

I am delighted that you have taken an interest in the Science Technician role at Clayton Hall Academy. Your application will be the first step in joining our ambitious and expanding team. Your interest in our school coincides with an exciting phase of our development as we progress our Academy and grow our MAT.

Our aims:

- To provide all students with a rounded education by supporting their learning.
- To improve their well-being.
- To contribute to the cohesion of the communities we serve, involving our students as active citizens within these communities.

The Science department is central to our aim of being 'Outstanding' in every Ofsted category and is a large department. We are looking for someone enthusiastic to join the team and support the six well-equipped laboratories and specialist teaching staff on their journey of continuous improvement.

If you join us, you will work hard, but will receive 100% support from our talented team and from me personally. Visits prior to application are more than welcome.

In addition to completing the application form, please let me know your experience and philosophy to date in a letter no longer than 2 sides of A4 addressing the following points:

1. Why do you have a passion for Science?
2. How do you support an outstanding Science lesson?

I look forward to receiving your application.

Yours sincerely

Julian Morgan  
Principal
