

CHESTERFIELD HIGH SCHOOL

JOB DESCRIPTION FOR

LEAD TEACHER FOR MATHEMATICS

Key Priorities

- Leading outstanding teaching and learning within Mathematics.
- Ensuring the quality of learning on a daily basis is at least 'Good' across the Mathematics Faculty.
- Ensuring schemes of work engage and enthuse students
- Raising standards of achievement for all groups of students significantly above the national average.
- Working as an active member of the Mathematics Leadership Team under the direction of the Director of Mathematics.
- To support the Director of Mathematics in implementing a robust self-evaluation of teaching and learning and make a significant contribution to improving the quality of teaching and learning within the team.
- To provide support in the leadership and management and day to day running of the Mathematics team.
- To ensure that their own lessons consistently model outstanding practice, showing outstanding progress of pupils.
- To ensure that lessons are well differentiated, driving progress for all students.
- To use student performance data, and student and staff target-setting so that this impacts on classroom practice and contributes to raising achievement.

Additional responsibilities

- To work with members of the Senior Leadership Team on whole school initiatives.
- To strengthen teaching and learning across the school when necessary.
- To work with the Deputy Headteacher in the development of teaching and learning by contributing to the staff development, induction, NQT and ITT programmes.
- To work with Heads of Subject and teachers across the School to enhance achievement and progress of students.
- To support the Raising Standards Leader 11-19 to ensure that all students make progress at least in line with expectations.
