About St George's Weybridge

St George's Weybridge is a leading independent co-educational Catholic day school in Surrey for girls and boys aged 3-18.

Founded in 1869, with its distinctive Josephite ethos, St George's Weybridge has become the largest independent Catholic school in the country. Academically autonomous, the Junior School and College work together as one school, educating around 1,600 students across the two school sites. Both Schools had full ISI inspections in December 2019 and rated excellent in all categories.

St George's is proudly and unequivocally a 3-18 co-ed school where children can learn and grow into kind, polite, respectful adults. There is a perfect balance between the Junior School and the College, between academia, creativity and sport. Most important, though, is the perfect balance between the three fundamental intelligences listed here. Together, these are what make St George's unique – and what makes the children who leave us exceptional.

The distinctive ethos upheld by St George's encourages a strong sense of family where all students are valued and encouraged to fulfil their potential in an atmosphere of mutual respect and compassion. This atmosphere is extended to all families, our alumni (Old Georgians), staff, the local community and the wider world.

St George's Weybridge welcomes students from a variety of Christian denominations - it is inclusive of all faiths and none. It is our wish that during their time at St George's, our boys and girls will grow up within a community where Christian beliefs and principles are a guide for all that we do. This is evident in the liturgical life of our Schools and in the many ways we have of reaching out beyond our community. Thank you for your interest in joining the staff at St George's Weybridge. We are delighted that you are considering our School.

Working at St George's Weybridge

At St George's Weybridge, we employ a number of full and part time staff in a wide range of teaching and business posts. Our salaries are competitive and we offer a range of excellent employee benefits. Staff will undertake a full induction programme on joining St George's, and continuous professional development is actively encouraged and supported.

St George's prides itself on offering a harmonious and supportive environment for all staff and the Josephite ethos of "Coming home to school" is experienced not only by our pupils but extended also to our staff. We have clear policies about equal opportunities and do not tolerate any form of harassment or bullying.

Facilities

The grounds of St George's Weybridge are stunning, with the College sitting in 100 acres of park land and the Junior School on a 52 acre site. Both schools are supported by great road and public transport links.

The facilities offered at both schools are exceptional with many more exciting developments underway. Recent developments include:

- Activity Centre - a 6-court sports hall, climbing wall, fitness suite, dance studio, and flexible multi-use spaces.
- The Ark – a dedicated space for our Early Years pupils including modern classrooms and resource areas, IT suite, assembly room, and outdoor learning areas.
- Henderson Centre – a classroom block providing first-class teaching facilities, as well as a dedicated Common Room and classrooms for Sixth Form students.

“Joining St George's was like coming home, there is a huge sense of community. Staff are so welcoming and friendly, nothing is too much to ask. Staff always have time for you and no question is a
Joe”

“Since the first day, I've been made to feel very welcome which has enabled me to settle in very quickly. I am really happy that I now consider myself to be part of the 'Georgian family’

Physics at St George's

We are looking for an enthusiastic teacher from April or September 2021 to join the lively and friendly Physics Department at St George's. The new appointee will be expected to be able to teach Physics according to the Edexcel IGCSE scheme for Dual Award and Triple Science, with the possibility of A-Level teaching.

The Physics Department consists of the Head of Department plus five other members of teaching staff, plus two technicians. The department has five dedicated laboratories.

All students study Science in Years 7 (seven lessons per fortnight) and 8 (eight lessons per fortnight). This is taught by one teacher who covers Key Stage 3 work from all three sciences, following an in-house curriculum based on Key Stage 3. In Year 9 all students study the three sciences separately with three specialist teachers, with four lessons per fortnight in each science. For Years 10 and 11 the students have the option of either studying Double Science or Triple Science, again with three specialist teachers. Our A Level take up is strong, usually with three different groups in each year of between nine and twelve students each, for which we follow the AQA course. Each of these groups is taught by two teachers. As would be expected in an academically strong school achievement is high.

Students are encouraged to participate in competitions and attend lectures and other events to enhance their interest in the sciences. A Science Club is offered to Lower School students, and a range of activities and competitions are offered across the Physics and Science departments in order to further students' interests, up to and including Oxbridge preparation in the Sixth Form, which has recently had strong success.

The Physics Department is well resourced with practical equipment, and the five laboratories are all equipped with projectors and interactive whiteboards including one fully refurbished in the last year.

ADDITIONAL SPECIFIC RESPONSIBILITIES

- a. To be a Tutor to an assigned Tutor Group and to carry out related duties in accordance with the general job description of Group Tutor including implementing the PSHE programme.
- b. To carry out supervisory duties.
- c. To make a significant contribution to non-departmental extra-curricular activities, in addition to the above. Core contribution is defined as the equivalent of 1 x Term's Saturday Sport; this can be met in a variety of ways, including 1 x evening of contribution across 3 Terms, depending on the nature of the activity. Co-curricular contributions which exceed this can be eligible for additional remuneration and will be discussed with the Deputy Head (Staff).
