16th January 2018

Dear Candidate

Thank you for your interest in joining Arbour Vale School as Principal.

Arbour Vale School is a large special school offering education and therapy to over 300 pupils aged 3-19 who, for a variety of reasons, require specialist provision.

Our aim is to enable every pupil and student to be the best that they can be by providing an inclusive, vibrant school where children enjoy their learning, grow in confidence, make excellent progress, are happy and safe.

The school now requires an experienced and talented Principal to lead us through a process of dynamic and innovative change.

Following the Ofsted inspection in the Summer Term 2017, OHCAT has been working with the DfE to provide support and challenge. As a result of this, the school is already in a significantly stronger position, which has laid the foundation for OHCAT to be named as the preferred sponsor by both the DfE and Slough Local Authority.

Arbour Vale is delighted to be joining OHCAT's family of academies and College centres and sees this as a fantastic opportunity for a new Principal to work with OHCAT and local governors to affect rapid and substantial improvement.

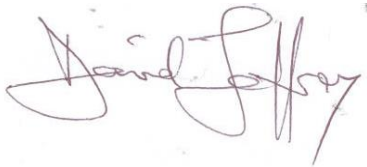

Further information on the post is available on our website.

Visits to the school are essential in order to see why we are so proud of our pupils, students and staff and why we think that Arbour Vale is a great place to work.

Thank you again for your interest in Arbour Vale School. If you have any further questions please do not hesitate to contact the HR Department at OHCAT, 0203 897 7051.

Yours Faithfully

Mr David Jeffery
Chair of Governors at Arbour Vale School
