DSBs programmes: International Curricula

Foreign Ministry of Germany
Primary and Secondary School

National Curriculum of England
3-14 years
ndividual Attention
We have a high teacher - student ratio. Classes at
DSB are small, giving our staff the opportunity to work closely with each individual student.

Technology for creative and collaborative learning
Technology is used throughout the school. Students from the age of four upwards are offered the opportunity to engage with Computers in a meaningful and responsible way.

Projects that enhance learning We design meaningful and engaging learning opportunities that students can connect to their real life experiences.

## Languages

DSB enables students to acquire proficiency in three different languages German, English and French. We are accredited to offer the Deutsches Sprachdiplom (DSD), a language proficiency qualification, administered by the German Government. Furthermore, we offer qualifications in French and English which enables students to study
 in universities all over the world.

## Beyond The Classroom

Excursions and visits
DSB encourages students to apply their learning in a real-world context and continuously investigates opportunities to take learning out of the classroom.

Project Week
Project week is a unique week in the school year where younger students embark on a series of day excursions, camps and challenges and older students attend a longer residential visit. These activities are specifically linked to the curriculum of the year groups.

Community
Parents are heavily involved in school life. We operate an open-door policy, where teachers are in constant communication with parents regarding children's progress, upcoming events, and special activities. We have a proven track record for successfully integrating new students from India and all over the world. We work closely with business and industry and continue to broaden our network.

Garden Campus: Students from Kindergarten to Year 4/ Klasse 4 DSB INTERNATIONAL SCHOOL
76 Bhulabhai Desai Road, Breach Candy
Mumbai - 400 026, India.
