The school council at Helme (of E) school met to discuss what we feel are critical features that we would like in our new head teacher.

We would like you to be a very caring person to both children and staff. As the school, we decided a great quality for you to have is to be strict but fair. The children at Helme would like our new head teacher to frequently make us laugh and be fun to be around.

We would like a head teacher that will reward us for good behaviour and effort. From our discussion, we feel that we want a head teacher who will come into our classrooms to see what we are learning about.

If you feel that you would suit this roll, then Helme School would like to meet you.

Yours sincerely
The School Council
