Introduction

Located in the province of Nonthaburi approximately 45 minutes north of central Bangkok, Denla British School (DBS) opened for its first full academic year on the 28th August 2017. Initially enrolling children aged 3-11 (Early Years 1 to Year 6), DBS will extend to Year 8 in 2018, and then to Year 13 in future years. At capacity, the School will have approximately 1600 pupils. Since our launch, DBS has attracted a significant amount of interest from local families, with enrolment continuing to grow on a daily basis.

Vision and the DBS Way

Our vision is to nurture future leaders through the provision of an academically rigorous and well-rounded education, structured on the four key principles of the DBS Way:

An Enhanced British Curriculum

Our education programme combines a progressive and rigorous academic curriculum with a fulfilling and diverse co-curriculum. By combining these elements, pupils benefit from an extended school day and the opportunity to develop as able, well-rounded young people. Our enhanced British curriculum ultimately prepares pupils for IGCSEs and A-Levels.

Academic Excellence for All

With the encouragement and support of dedicated teachers, pupils benefit from a personalised approach to teaching and learning that encourages them to reach their highest levels of achievement. Our motto, Semper Ad Maiora (always to greater things) embraces challenge and we want all Denla British School pupils to be fully engaged in their learning, work hard and excel.

Entrepreneurialism

The demand for young people with an entrepreneurial mind-set is continuously increasing. The global economy that today's young people graduate into necessitates individuals who are business-minded, problem-solvers, strong leaders, and excellent team players. At Denla British School, experiential learning helps pupils to develop these skills and introduces them to the concept of entrepreneurship.

Preserving Thainess

We are committed to preserving the "Thainess" of our society, by placing importance on Thai language, culture, and arts. We also value the need to teach our pupils the importance of respect, thoughtfulness, considerateness, kindness, generosity and mindfulness. Our pupils benefit from the rigour and breadth of an enhanced British curriculum, without losing their strong links to Thai culture.

The Denla Story

Denla British School builds on Denla Schools' existing tradition of providing outstanding education within Thailand. Our first school, Denla Kindergarten, was established in 1979 with the aim of providing quality, caring education for young children. Denla Rama V, our second school, opened in May 2006 to meet ever increasing demand. Today, Denla Schools are proud to provide nursery and kindergarten education for approximately 3,000 children from 2 to 6 years of age.

Denla have built up an enviable reputation on the strength of our leadership, our vision and mission, the diligence and loyalty of our 600 staff and the achievement of our pupils. Denla Kindergarten children often gain scholarships at their destination schools.

We have now reached another very exciting moment in the history of Denla Schools following the opening of Denla British School. The School remains true to the 'Thainess' of Denla's ethos and blends this with an exciting, international outlook, grounded in the strength and tradition of a UK independent day school style education. Denla British School enhances an already strong Denla community, which engenders lasting friendships, a care for one another and a commitment to quality.

Our approach to the curriculum

Our curriculum is based on the best practice models of UK independent schools and the National Curriculum for England. Our rigorous but broad core curriculum prepares pupils for the academic demands of IGCSE and A-level. It is complemented by an integrated co-curricular programme that ensures pupils develop the interests and skills they need to lead successful and fulfilling lives at university and beyond.

We offer children a breadth of experiences in a diverse range of subjects, from the traditional academic subjects through to visual and performing arts, and sport, allowing each student to discover for themselves their passions and interests. We recognise the importance of world languages and provide sufficient curriculum time for pupils to become proficient in English and Mandarin, as well as extend their expertise in Thai language. Our specialist teachers, with their superb subject knowledge, support each child in fulfilling their passion and nurturing their talent. From Year 5, all subjects are taught by specialist teachers and prep time is an integral part of the School day.

Our school day starts at 8.00am and finishes at 3.30pm for children up to the age of 7 and 4.50pm for pupils in the Prep School. The main curriculum is further enhanced by a weekly programme of extra-curricular activities, held either at the end of the school day or on Saturdays, and through holiday programmes.
