

Rugby School
THAILAND

Teacher of Computing Science

Senior School

Rugby School Thailand, a co-educational day and boarding international school set in 80 acres of glorious Thai countryside south of Bangkok, opened its doors in September 2017 for pupils aged 2 - 10 years. From September 2018, the Senior School will also open, initially for pupils in Years 9, 10, and 12. We will adopt the nomenclature of Rugby School, our parent school, so these year groups will be known as F Block, E Block, and Lower XX.

Rugby School Thailand is the first overseas sister school of Rugby School UK, one of the most prestigious and well-known schools in the UK. Rugby School Thailand will share Rugby School UK's DNA in every important respect. It will be unique.

The Senior School

The Senior School comprises Years 9 – 13.

The capacity of the Senior School is approximately 650, with students housed in outstanding classroom and boarding facilities.

The Senior School academic curriculum will draw from the best of the UK National Curriculum. Each department offers either GCSE or IGCSE courses in Years 10 and 11. In Years 12 and 13, Rugby School Thailand pupils will study A Level courses.

Rugby School Thailand aims to prepare pupils for further studies at the world's best universities. Unlike other international schools, Rugby School Thailand will operate as its parent school does in Warwickshire, with long school days and either classes or an enhancement programme on Saturday mornings.

The Senior School buildings are designed to offer an outstanding learning environment. The main buildings include a teaching block; state of the art Design and Technology, and Visual Arts studios; ICT suites; drama studios and a large auditorium; library; air-conditioned sports hall (with an elevated 240m running track indoors); 50m swimming pool plus warm up pool; floodlit football fields; tartan running track; golf driving range and tennis centre.

A Sixth Form Centre will provide a hub for Years 12 and 13 students as they pursue independent and group study as they complete their A Levels.

The Computing Science Department

The Computing Science Department will be housed in our purpose-built classroom block in the centre of the Senior School campus. Classrooms equipped with a 75 inch Smart TV, as well as traditional whiteboards. Some specialised computing suites will complement regular classrooms. Pupils will be expected to bring their own laptops to school.

A Computing Science teacher at Rugby School Thailand can expect to teach a range of age and ability groups from Year 9 (F-block) through to the Sixth Form, with pupils in the Sixth Form taking A Level Computing Science.

Computing Science is an elective subject from Year 9 (F Block).

With excellent facilities in our international setting, we expect Computing Science will be a popular subject at Rugby School Thailand.
