‘Working in partnership to promote a positive future’

Bringing out the best

Meadows School is a non-maintained day and residential special school and is part of the Barnardo’s Organisation. This co-educational school provides for young people between the ages of 7 and 19 years.

Each young person has a statement of Special Education Need or an Education, Health and Care Plan arising from social, emotional and mental health needs, communication difficulties and cognitive issues. The range of additional specific complex needs with which the school is working is broad and includes young people with Asperger’s, higher functioning Autism, Oppositional Defiance Disorder (ODD) and attention Deficit (Hyperactivity) Disorder (AD(H)D), Dyslexia, Dyspraxia, Attachment Disorders, Speech and Language difficulties, Social Interaction difficulties, sensory impairment and mental health issues.

The Department for Education approves the school to provide residential and day education for a maximum of 80 students (male and female) in the curriculum range of ‘Year 3’ to ‘Year 14’. The school is expanding and is requesting to increase to 90 students. The school admits pupils on 38-week placements. The school closes at weekends.

Meadows School is situated in the town of Southborough, between the historic towns of Tonbridge and Tunbridge Wells in Kent. Meadows 16+ (an off-site campus for 16-19 years) is situated 500 meters from the main School in the Southborough community. The school promotes inclusion and aims to give each young person the opportunity to develop in such a way that when they leave school they will have the social skills to be a successful contributor to society.

Aims

- To assist students in celebrating their ability, race, religion, colour, culture, gender, family network and community for life in a diverse society.
- To provide a broad, balanced and differentiated curriculum to include the National Curriculum; which encourages every student to acquire high standards of knowledge, skills and understanding relevant to adult life and the worlds of work and leisure.
- To encourage each student to develop to their true potential.
- To develop self-esteem and good personal image yet be sensitive to the needs of others.
- To help each student to become happy, independent, caring people, capable of making a contribution to both society and the community.

Education Programme

Our aim is to create opportunities for pupils to be effective, responsible and successful in developing a positive self-image. The individual is highly valued at Meadows School. The curriculum at Meadows School will promote the intellectual, personal, social and physical development of all our students. It based on elements of the National Curriculum, Personal, Social, Health and Moral Education and Spiritual and Cultural opportunities including the promotion of British Values as well as cross-curricular themes and key life skills. The school calendar is divided in to themes to promote key issues in the students’ social, moral, spiritual and cultural education. Lessons, homework, assemblies and whole school events are linked to these themes.

The curriculum has been designed into two separate pathways. From key stage 2 until year 8, students will follow the ‘Foundation Curriculum’. From Years 9 – 14, students will follow the ‘Core’ or ‘Extended curriculum’.

- **Foundation curriculum:** To ensure that students at Meadows are able to fill any gaps they may have in their knowledge, students will follow a curriculum that is closely linked to the Primary National Curriculum. The aim is to ensure they have a secure knowledge of ‘foundation’ skills in literacy, numeracy and other subjects to enable them to build upon from year 9 upwards and achieve accredited outcomes.
- **Core or Extended curriculum:** Students from year 9 will follow, depending on the subject, a core or extended curriculum pathway. A core curriculum will offer accredited outcomes at a more entry level and/or vocational level, for example, Entry-level certificates, unit awards, Level 1 qualifications and foundation tiered GCSEs. Whereas, the extended curriculum will offer accredited outcomes at a higher level, for example, higher tiered GCSEs, Level 2 qualifications and AS level. This enables all students to achieve and to work towards mastery of their curriculum.
- Throughout the school, there is a robust programme of Careers education, and extensive links with local colleges and work experience placements.
- At 16+, students have bespoke study programmes usually incorporating a full or part-time further education college course, which meets their individual needs and aspiration. A range of BTec courses are also pursued.

Working in Partnership

The success at Meadows School is built upon the positive relationships between all participants. The school encourages active partnership with students, parents, carers, local authority providers, staff, therapeutic team and Governors and endeavours to involve all stakeholders in the important decisions throughout the school.

Staff
