Founded in 1978, Dubai College is a British overseas co-educational senior school. We are academically selective and not for profit. Through collaboration with teaching staff, our warm and intellectually curious students become independent and passionate self-motivated learners. We place equal emphasis on academic, creative, sporting and philanthropic development and as a result enjoy growing global recognition for the quality of our creative and sporting output, and for the generosity of our student led charity work. Dubai College students are amazingly bright, busy and caring individuals.

“Dubai College students’ achievements in public examinations place them among the very best schools internationally and in comparison with all independent schools in Britain. They embody the vision and ethos of the College in their aspirational and self-motivated approach to all aspects of their school life.”
