**The Waad Method**

# True Success: Our Ambition For Every Learner:

True Success cannot arise from academic instruction alone; it is achieved through a holistic approach that nurtures a Learner's physical, emotional and spiritual needs in order to become:

## Inspired Thinkers:

Who accept learning as a lifelong experience, have high expectations, and acquire the necessary knowledge, understanding and skills for 21<sup>st</sup> Century life.

## Sincere believers:

Who are confident about their Islamic identity and worship Allah by following the authentic ways of Prophet Muhammad (pbuh).

## Responsible Leaders:

Who consciously fulfill their responsibilities towards their families and take a leading role in contributing positively to their community, country and planet.

# Academic Curriculum

## Academics:

The Waad Curriculum has been created to provide a uniquely holistic education to all Learners through an exclusive blend of world class and internationally renowned Programs of Study of core subjects. It is based on a holistic view of the human being - heart, mind & body - and therefore seeks to develop all these three dimensions.

## Cambridge Strand:

Learn • Discover • Achieve

Learners will be studying the Cambridge International Examinations program. It is dedicated to create a global Learners who are confident, responsible, reflective, innovative and engaged. Learners will continue with the Cambridge Advanced program and sit the IGCSEs/'A' Levels.

## Arabic Strand:

Arabic study is an integral part of the Waad Curriculum and it is taught through an effective combination of latest technology-based language acquisition techniques and the time honored and tested traditional methods.

To further enhance the program, there are complimentary resources for our students such as the Al-Qaidah An-Noraniah or additional assignments.

## Islamic Strand:

The Waad Curriculum uniquely blends Islamic study throughout every aspect of the course, rather than adding it as an afterthought. It is brought to life using modern teaching methods and technologies, giving Learners an engaging and contemporary context. The Islamic program has been carefully designed and customized to enrich our student's daily lives'. It will be delivered through a thematic approach based on the following framework:

## Tarbiyah Program:

Is a program that aims to help students to enhance their positive values, morals, the spirit of courage and positivity and motivates them to succeed in their lives.

## Physical Education:

Whereas many schools take a generalist approach to sport, Waad believes that Learners should master individual sports. We train both boys and girls Learners on a broad range of different disciplines, from the traditional such as athletics, football and tennis, to the less conventional like rock climbing and Badmington. All sporting facilities are certified to an International standard and are built from approved materials and monitored closely to ensure Learner safety.

# Extracurricular Activities:

An essential part of the Waad Method is ensuring that our Learners are constantly developing. That's why we've created specialized centers surrounding the Waad Academy that focuses on extracurricular activities that will help make sure that our Learners are getting every possible benefit out of our approach.

## Educational Trips:

We will have education trips where Learners will have the opportunity to further expand their horizons, develop their character, learn about different industries to develop their leadership and teamwork skills.

## Students Clubs:

In order to refine Learner's educational experience and give them plenty of room for creativity and learning through their own experiences, we will establish a set of clubs that cater to different interests where Learners will be able to run multiple experiments and learn from them.

## Extracurricular Activities:

All our Learners will be provided with a range of extended and after school activities to enhance their development. A wide range of fun learning, skills developing and project-based activities will be available for our Learners that are delivered through projects, one to one coaching and mentoring, clubs, team sports, arts, crafts, talent development programs and specialized programs.

## Learning Guides:

All Learning Guides have experience and are certified in the education field and have been rigorously selected from both a local and global talent pool. They have been trained extensively on the Waad Method and receive specialist support throughout their tenure.

We recruit, train and support highly qualified and capable international and local teachers who are not just teachers in the traditional sense but " Learning Guides ". Waad Learning Guides do not merely pass on knowledge but instead act as guides to learning and success. They encourage a deep sense of responsibility in our Learners and foster a shared sense of progress and achievement. It is because of this that our teachers are known as Learning Guides.

### It is the prime responsibility of the Learning guide:

- 1** To serve as facilitators of effective and efficient learning rather than just content transmitters.
- 2** To help all Learners develop a deep sense of responsibility for their own learning, progress and achievement.
- 3** To build a strong and productive relationship between the parents/guardians and the school so that the Learners is supported at all times to develop his full potential.

## Technology:

In the modern world, technology impacts every aspect of our lives. The Waad Method fully embraces technology as a means to enhance the learning experience whilst also ensuring Learner safety and productivity. The Academy will be one of the most technologically-advanced institutions in the region.

## Facilities:

### Mobile Device Management:

Every student iPad is updated and monitored by a central hub.

### Public Address System:

For making announcements, and issuing alarms to the entire school or any specific location.

### Smart CCTV:

A network of cameras allows the Academy to monitor the entire campus to provide a safe environment for Learners.

### Canvas:

Waad Academy utilises Canvas Learning Management System ( LMS ) which provides learners with a cutting edge learning platform to enhance their education, encourage creativity and enable progress. It also provides an efficient mode of communication between parents and learning guides.

### Ed Easy:

Ward Academy utilises Ed Easy the #1 leading education technology platform for KG - G12 to provide a seamless education experience for parents, students and teachers to deliver student information systems, learning management, assessment, analytics, and registration.

## Infrastructure:

The successful conduct of a great school depends mainly upon the availability of proper infrastructure in place. In Waad Academy all the Learners will have the right tools in order to enhance the learning experience. Classes and labs are fully equipped with world class smart technologies that are all integrated with a very solid and controlled system.

# **Educational** Environment

# Educational Environment

Environment plays a major role in learning and the Waad Method pays close attention to its design and construction. Our Academy are all purpose-built to foster a range of skills from collaboration, self-expression, interactive and experiential learning, and of course fun for Learners of every age. Cutting-edge technology is integrated throughout our academy. We adopt the latest in education technology in order to provide our Learners with the most beneficial educational experience to enhance learning whilst promoting enjoyment and safety. State-of-the-art buildings and facilities that are environmentally-friendly and where possible are built using sustainable materials. In addition, the academy has facilities that promote healthy living, as well as a safe and secure educational environment.

## Campus Environment:

The learning environment plays a major role in a holistic education. The Waad Academy campus has been specially-designed and purpose-built to inspire holistic learning and encourage fun. The campus has a fully equipped sporting complex, a Junior FiFa certified football field, playgrounds, climbing wall and outdoor fields for both boys and girls among other facilities.

## Innovative Buildings:

The Academy's brand new innovative facility offers unique features such as slides as an express route to the ground floor, especially themed areas of the building, a Interactive Knowledge Center and Mac Labs. A tailored technological infrastructure that supports every aspect of school life.

## Learning Labs:

With more than 20 labs spread throughout the campus main building, experiential learning can be accomplished inside our home improvement rooms, our science labs, arts and crafts and Mac labs.

## Interactive Knowledge Center (IKC):

Your children can expand their horizons in our fully equipped interactive knowledge center that has a junior and senior library with online and offline resources, study rooms, reading stations, and group work rooms.

## The Auditorium:

A classic proscenium stage that invites up to 1,000 attendees to view the masterpiece theatre conducted by our Learners.

## Outdoor Areas:

Outdoor areas actively encourage Learners to express themselves creatively and be inspired by each other, while playing and enjoying their time with their peers.

## Sport Facilities:

Waad Academy caters for more than 12 different sports as part of the P.E. curriculum, that Learners can experience throughout their years with us. By far one of the widest ranges of any academic institution offerings in the region.

## Sports Complex:

A fully equipped indoor sporting complex that caters for badminton, handball, volley ball, table tennis, five-a-side football, gymnastics, mix martial arts.

## Gymnastics:

Is a sport involving the performance of exercises requiring strength, flexibility, balance, agility, endurance and control.

## Basketball:

Your sons and daughters Learner will play on indoor and outdoor basketball courts.

## Football (Soccer):

All Learners will have the chance to play on a Junior FIFA qualified field.

## Tennis:

Professional grade tennis courts are available in both campuses.

## Climbing:

An indoor rock climbing wall within the sports complex.

**360** Care

## 360 Care:

An integral aspect of the Waad Method is Care, primarily for our students, but that encompasses the entire Waad community. We really want your child to be happy and to achieve their full potential achieving true success. We want our Learners to settle quickly and start to enjoy their new educational experience at Waad Academy. Our aim is to provide a safe and caring environment in which Learners thrive spiritually, mentally and physically.

### Learners:

#### 1. General Counseling:

To help ensure that our Learners are prepared to become the next generation of parents, workers, leaders and citizens, every Learner needs support, guidance and opportunities during childhood, a time of rapid growth and change. We offer guidance and support through our counseling programs.

#### 2. Academic Counseling:

Learners can be assigned an Academic Counselor that is responsible for overseeing Learners' progress and acts as an essential link between Learner, Learning Guide and parent. They will develop a strong and positive relationship with the Learner and his/her parents based on mutual respect, empathy, genuineness, and a willingness to give full attention to the Learner and his/her needs.

### 3. Health Clinic:

To ensure the safety of all the Waad Academy community, we have a fully functioning health clinic on campus with trained nurses available throughout the school day. Equipped with the needed medical devices.

### 4. Nutrition:

We aim at Waad Academy to focus on the nutrition requirements of each child. That is by serving a high-quality food that is appropriate for the different age levels of our Learners.

## Employees:

Our faculty and staff are trained to care about your child's well-being, help them think about their future and show them how they can be a productive part of society. We make sure that the people that represent our cause do so delicately and with passion.

### Nursery:

A full nursery for all the children of all our female Learning Guides and staff is available to ensure we create the best working environment for our most pivotal assets, that will in hand help them stay motivated and focus 100% on your children.

## Parents:

The Waad Method actively encourages parental involvement and provides a range of resources to build a strong and productive relationship between parents, Learners and the Academy such as:

### 1. WAAD Center:

A fully-equipped contact center for our current and prospective families where you will always be able to reach someone at the time that suits you. Parents can make enquiries, schedule a meeting with a Learning Guide or register for a new program.

### 2. Parent Support System:

Because Waad Academy values its partnership with its Learners' parents, we are launching a Parent Support System "Sharaka" and "Ed Easy" to provide timely information and support to all parents via online forms / mobile application. Also to insure that your request reaches the right person, and you are able to follow-up on the request via your email / mobile application and evaluate the service provided to you.

# Support Services:

We made available the resources and services needed in order to meet the goals and objectives of serving the Learners, staff and faculty within the campus of the academy.

## 1. Reception Office:

When you visit the academy you will be greeted by a professional receptionist that will guide you to where you need to be and who you need to see. While waiting, you can relax in the parent lounge.

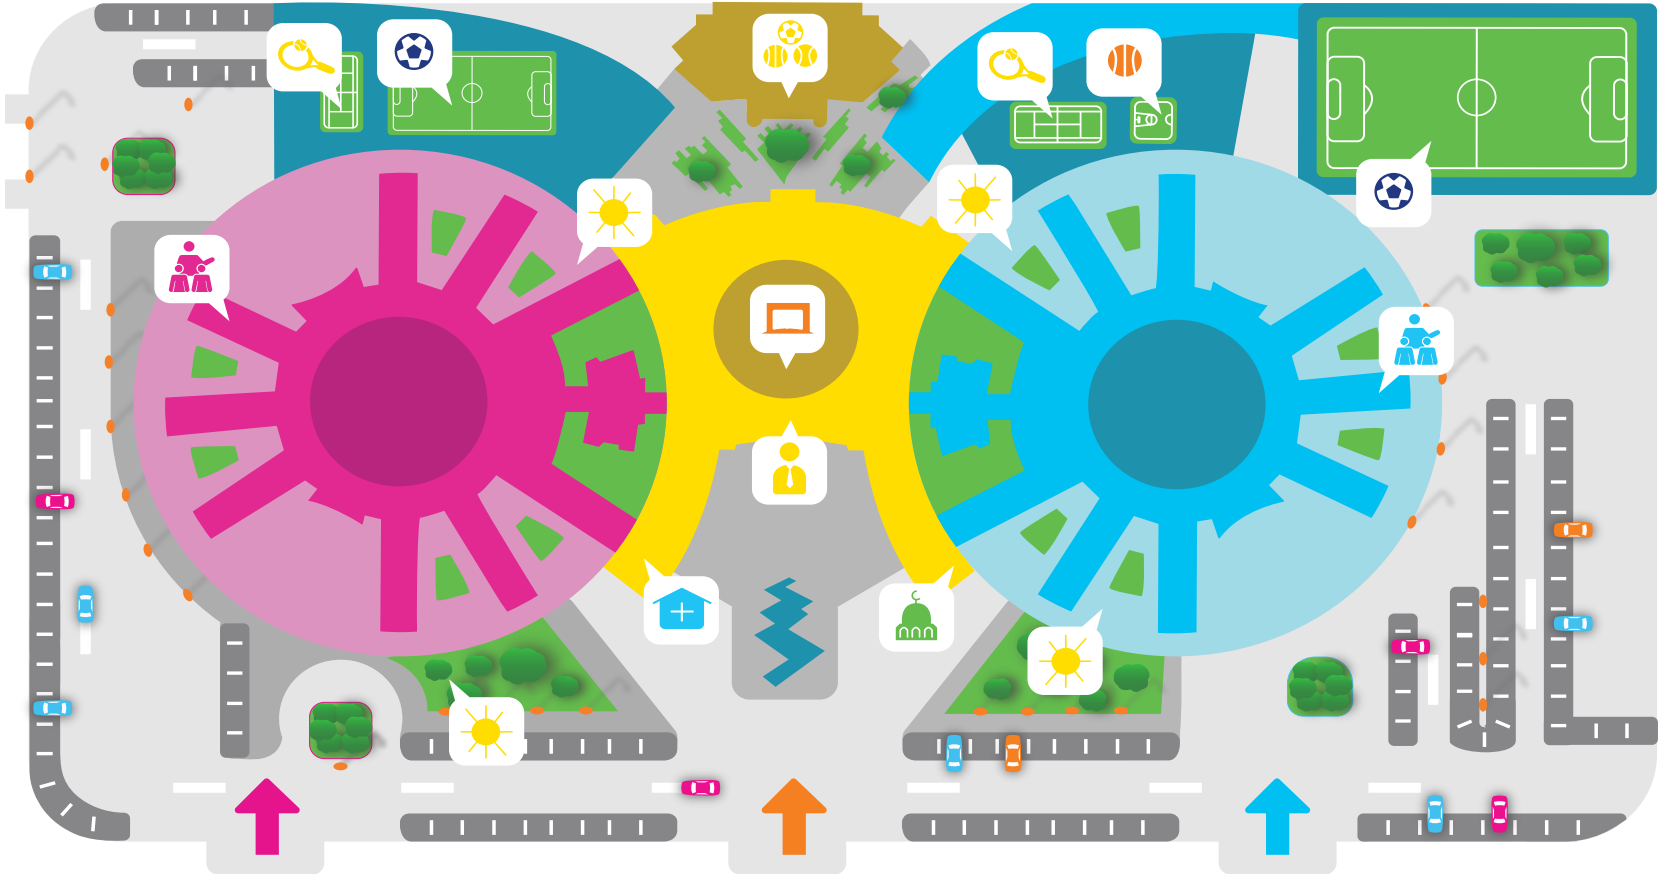

## 2. Safety And Security:

We are dedicated in make our campus a safe and secure place for our Learners and the entire Waad community. To ensure that, we paid close attention to the smallest details from construction material, to the camera systems in place, to how we select security guards that are hired.
