

Dear Applicant

### Position of Head Teacher & Director of Teaching School

Alfreton Nursery School is an exciting and innovative centre of excellence. We pride ourselves on being at the cutting edge of early years' education. Our team have worked together to develop our outstanding provision, celebrating all that an indoor/outdoor environment offers our children, families and whole school community.

We have embraced the opportunity to develop as a Teaching School and work in collaboration with many other stakeholders including local and national schools, Derbyshire Teaching Schools and the Local Authority, to support and disseminate outstanding practice throughout the county and beyond. The Director of the Teaching School will work alongside Universities to recruit, train and retain future Teachers.

We are proud to have achieved 5 outstanding Ofsted judgements which reflects the energy and enthusiasm of all our stakeholders.

Our school Governing Body is seeking to appoint a dynamic, committed leader to continue our exciting journey, whilst embracing the school's inclusive ethos. At the heart of our school is our work with our children, families and whole school community. Our new Head Teacher & Director of Teaching School will have a passion for early years' education and an understanding of the current challenges facing nursery schools. We are looking for an inspirational leader who is a critical thinker, with resilience to further develop outstanding practice for teaching and learning. The Head Teacher should be willing to lead by example to support our highly experienced and enthusiastic staff team.
