

Dear Applicant,

Thank you for your initial interest in the Head of Primary role at The British College of Brazil, a member of the Nord Anglia Education family of 56 premium international schools. Over the last three years our current Head of Primary has overseen our continued growth to become the school of choice for international families and internationally minded Brazilian families within Sao Paulo. We are now looking for a suitably experienced candidate who is able to continue to drive standards and build on our reputation.

The successful candidate will be someone who fully supports our core values and is able to help us maintain our reputation as a school where children love to learn and enjoy the benefits of a wide and vibrant global curriculum. Experience of English National Curriculum developments will be essential for anyone who is considering applying for this role, while experience in a senior management role within a developing international school is a significant advantage.

Whoever is fortunate enough to be appointed will be involved in leading a team of committed and professional teachers and teaching assistants who are willing to go the extra mile to promote a love of learning amongst all Primary students. With Primary numbers likely to be over 450 in August 2019, this is an excellent opportunity for an aspirational and experienced primary practitioner to join a highly successful school within Nord Anglia Education.

I would encourage you to visit our website, which will give you a very strong indication of what has made our school the first choice for international families and internationally minded Brazilian families within Sao Paulo. Should you wish to discuss this position informally, before making a decision, feel free to contact me directly on duncan.rose@britishcollegebrazil.org and I will do my best to answer any questions you may have.

Kind regards

Duncan Rose
Principal
