

Falkland Islands Government - Education Department

Employer Information

Org Type: Mainstream

Phase: Primary & Secondary

Funding Status: State

Gender: Mixed

Age Range: 3 – 16 years

The Falkland Islands are a unique and dramatically beautiful environment set in the South Atlantic Ocean. Great value is placed on education by Government, parents, students and the community as a whole. Primary and secondary education follows the English National Curriculum, from Early Years Foundation Stage to the end of Key Stage 4 (including SATs and GCSEs). The curriculum is enhanced to take advantage of the locality.

Unique wildlife, negligible pollution, low crime rates, the absence of traffic jams, a varied social calendar and the close proximity of South America and Antarctica characterise this community.

We are committed to safeguarding the welfare of children and young people in our care. All applicants must agree to a criminal records check being completed.
